

PASSENGER TRAIN CRASHES INTO FREIGHT

BELIEVED AIR RUM RUNNERS LOST IN STORM

Aeroplane Wing Found Near Rock Bay, B.C.; No Marks of Identification

Aviator Smugglers Have Been Operating From Fraser River to U.S.

Vancouver, Nov. 28.—Two liquor runners, rushing through the air with a load of whisky for consumption in the United States, may have met death in the turbulent Pacific waters off this Coast when the storm of ten days ago ripped a wing from their plane.

This is the story which it is thought may lie behind the discovery of a wing of a plane in Blind Channel, off Rock Bay, B.C., last Friday, airmen here say.

Customs men of Puget Sound ports are making efforts to have the wing identified, it is said.

The party of sportsmen who found the wing describe it as a sixteen-foot section silvered on one side and ochre on the other, the top side.

Local airmen declare the paint is new, indicating the wing had been a comparatively short time in the water.

There are no markings on the wings. The air regulations compel the lettering of all Canadian planes.

United States aeroplanes are marked with numbers on their tails.

It is also known that United States rum-runners have been operating by aeroplane from the mouth of the Fraser River, at East Point, to Puget Sound ports.

A strange plane with wings similar to the one found was seen over Vancouver November 18.

Students Fined For Vigorous Hazing Methods

Guelph Magistrate Warns Young Men of Ontario Agricultural College

Guelph, Ont., Nov. 28.—Six students of the Ontario Agricultural College, who were summoned for assault in hazing Edward Beddoes, a fellow student, pleaded guilty in police court here this morning and Magistrate Frederick Watt fined them \$20 and costs each, at the same time telling them that had they been alone involved and not the larger part of the class, he would have sent them to jail. Beddoes himself pleaded for leniency for his fellow students, stating he had nothing to do with the laying of the charges.

The six students fined are A. H. Watt, S. J. Watt, W. C. Allan, A. M. Ross, H. K. Carr and J. H. O'Part.

The charges arose from the severe hazing of Beddoes last Monday. Beddoes is said to have been dragged through a pig wallow by the freshmen, paraded down town in a pig crate and "auctioned" off in front of the theatre.

Appeal Made In Pescawha Case

Capt. R. Pamphlet and Three Others Before Court in Portland, Oregon

Portland, Ore., Nov. 28.—Captain Robert Pamphlet and three others connected with the recent Pescawha, accused of run-running, were granted a twenty-day stay of execution of sentence to-day by Federal Judge McNair. Captain Pamphlet was due to surrender to start serving a sentence of two years in prison following conviction of violating United States liquor and revenue laws. His appeal for probation will be heard when Federal Judge Dean returns from a trip to California.

TO BURN BONDS

Rome, Nov. 28.—State consols to the value of \$60,000,000 lire will be burned December 13 in Rome. These bonds were acquired by the Treasury during a revalorization period, and their disappearance will reduce the public debt considerably.

SEAPLANE ADRIFT ON GULF OF GEORGIA IS RECAPTURED

Vancouver, Nov. 28.—A forty-mile gale early to-day tore the H.S. 2-L, Major D. R. MacLaren's seaplane, from its moorings at Colville Beach, and floated it out to sea and two mechanics who pursued in a rowboat nearby lost their lives.

Reaching the machine when it was a quarter of a mile from shore, the mechanics towed it in. Their boat

RESIGNS HIS POST AS AMBASSADOR; VISCOUNT ISHII

Tokio, Nov. 28.—Viscount Ishii, Japanese Ambassador to France, has resigned, it was announced to-day.

Convention Designed To Heal Tory Split Leaves Breach As Wide As Ever

MACLEAN REJECTS DOUKHOBOR PLANS OF DUAL LANGUAGE

No Foreign Tongue Can Be Introduced Into B.C. Schools, He Rules

When British Columbia Doukhobors requested Premier MacLean to allow the introduction of the Russian language into their schools in the interior of this Province they were met with a firm refusal. Dr. MacLean, who is Minister of Education, would not consider for a moment the idea of a dual language in any of the public schools.

A programme under which Russian as well as English would be used in the Doukhobor schools of the interior was laid before the Premier by Gabriel Verestchagin and Peter Burukoff, representing Peter Verigin, the younger and head of the Doukhobor communities. They said the Doukhobors planned to bring Russian teachers here from Russia to educate their children with the use of their native language.

DUAL LANGUAGE

"There is no objection to the Doukhobors studying their own literature in their homes," the Premier said in explaining his attitude on the dual language question. "The Government, however, will not tolerate, and I am sure the Legislature would not approve, the use of any foreign language in the public schools of this Province. Should we grant such a concession to the Doukhobors, people of many nationalities here would be entitled to ask for the use of their languages in the schools and we should have a real dual language question on our hands."

"The general school situation among the Doukhobors, which formed an acute problem a few years ago, is more satisfactory now than it has ever been," the Premier added. "The Russian communities are sending their children to school and not attempting to prevent them being educated by our Canadian teachers."

New Westminster Club is Robbed

New Westminster, Nov. 28.—Burglars here secured \$325 in cash from the Army & Navy Veterans' Club safe, which they smashed open with hammers and chisels last night. A rope found hanging from a second story window suggests one man hid inside until the club closed on Sunday night, then hauled accomplices up by the rope.

The H.S. 2-L is valued at \$10,000.

UNEMPLOYED THROWN IN CITY OF ADELAIDE SCATTERED BY POLICE

Adelaide, Australia, Nov. 28.—One thousand unemployed attempted to force their way into the South Australia Treasury Building to-day and interview the Premier. They were ejected by police, who used their batons. There were no casualties.

Man Attempts To Kill the Mayor of Rio de Janeiro

Rio de Janeiro, Nov. 28.—Oliviera Maineres, Mayor of Rio de Janeiro, was attacked yesterday by Orestes Barbois, an employee of a local newspaper. Barbois first attempted to strangle the mayor, then fired the revolver shot at him. None of the bullets hit him.

The attack was made in the session hall of the municipal council and caused great turmoil. Barbois was arrested.

PRINCE THROWN FROM HORSE

Leicester, Eng., Nov. 28.—The Prince of Wales was thrown to-day while hunting with the Quorn Hounds at Widmerpool. He was not hurt.

TRUST COMPANY STOCK CALL IS ENDED BY JUDGE

In Montreal Court Grants Injunction Against Prudential Company Directors

Montreal, Nov. 28.—Concluding there have been irregularities in the administration of the affairs of the Prudential Trust Company in the past few years, that the directors have not tried to protect the interests of the shareholders, that many shareholders had their stock confiscated in 1926, and that the president and manager bought up hundreds of the shares at ridiculous prices and that there is danger of the same thing happening again, Mr. Justice Demers gave judgment this morning in the practice division of the Superior Court of Quebec in favor of the shareholders who had asked for an injunction to prevent the directors of the company from persisting in a call for the ten per cent capital subscription on outstanding stock ordered on October 6 last.

TOO FEW DIRECTORS

At various points in his judgment Mr. Justice Demers maintains "that three of the directors were not qualified to be directors," that there was not at the meeting in question a quorum of qualified directors; that since 1906, "thanks to the illicit manoeuvres of the president," the elections have not given the number of directors required by the by-laws; that the administration since 1926 has not tried to protect the shareholders; that "on the call of 1926 over 900 shareholders saw their shares confiscated, and that the president and manager bought up hundreds of shares at ridiculous prices."

Archbishop of Quebec Is To Be Named Cardinal

Mgr. R. M. Rouleau and Three Others to Be Elevated in Rank by Pope Next Month

Rome, Nov. 28.—Four new cardinals, including Monsignor Raymond R. M. Rouleau, Archbishop of Quebec, will be created by Pope Pius next month. The Pontiff has decided to hold a secret consistory December 19 and a public consistory December 22, creating as cardinals, Mgr. Rouleau, Archbishop of Quebec; Mgr. Rumeau, Bishop of Toledo, Spain; Mgr. Charles Bruneau, Archbishop of Besancon, and Mgr. Alessio Lepicier, titular Bishop of Tarsus, who will replace Cardinal Billot as French cardinal of the Curia.

Raymond-Marie Rouleau was born in Isle-Verte, County of Temiscouata, Province of Quebec, April 6, 1866, the son of Felix Rouleau and Lucie Irvine. He received his education in the Seminary of Rimouski. He entered the Order of the Dominican Fathers in 1888. He was ordained to the priesthood in 1892 and after that was Master of the Novitiate at St. Hyacinthe and First Prior of the House of the Dominicans in Montreal.

He received the grade of Master of Theology in 1909 and was appointed Provincial of the Dominican Province of Canada in 1918. He was consecrated second Bishop of the Diocese of Valleyfield, Quebec, in 1923 by His Excellency Mgr. Pietro di Maria, then Apostolic Delegate to Canada and New Brunswick. He became Archbishop of Quebec following the death of Cardinal Begin.

Bet Ends With Bullet Through Detective's Nose

New Orleans, La., Nov. 28.—Robert Hackney, a city detective here, lost part of his nose, but he won a bet yesterday.

Hackney and Eds Blocker, a salesman, both expert marksmen, bet a hat on their respective prowess. A pistol was produced and Hackney shot six cigarettes from between Blocker's lips. Blocker flicked three cigarettes from Hackney's mouth, but his fourth bullet pierced the detective's nose.

Hackney went to the hospital.

Cattle and Horses Are Victims of Fire

Duncan, B.C., Nov. 28.—The barn of H. B. Emerson, south of Duncan, containing twenty-seven Jersey cows and three horses, was burned to the ground last night. Only seven cows were saved. The rest of the live stock perished in the building.

The total loss is about \$4,000. The building was insured.

The cause of the fire, which started in the loft, is unknown.

A smaller building was also destroyed.

GOLD IS SHIPPED

New York, Nov. 28.—The current movement of gold to Canada, which reached \$13,000,000 last week, was augmented to-day with an additional shipment of \$3,000,000 by the Bank of Montreal. The total outflow of the metal from New York, amounting to \$16,000,000, began after the Canadian dollar attained a premium in exchange transactions, at which shipments became profitable.

MINISTERS TO ADDRESS LIBERALS

HON. W. H. SUTHERLAND
Minister of Public Works

Liberals of Victoria will hear two members of the MacLean Government at a meeting of the Victoria Liberal Association in the Sons of Canada Hall to-morrow night. Mr. Pattullo and Dr. Sutherland will deliver addresses, which will be followed by a dance.

U.S. BORDER RULING TO-DAY UPHELD BY DETROIT COURT

Detroit, Nov. 28.—The legality of the Immigration Department order which after next Thursday will bar hundreds of aliens residing in Canada and Mexico from crossing the borders of the United States daily to and from work was upheld to-day by Judge Charles C. Simons in federal court here.

The decision was given in a suit brought by two aliens.

CHAS. L. CULLIN IS CALLED BY DEATH

Former Victoria Lacrosse Champion Died To-day at Powell River

Word reached the city to-day of the death of Charles Lawrence Cullin, former popular resident of Victoria, who passed away this morning at St. Luke's Hospital, Powell River, after an illness of six weeks' duration. Ex-Alderman W. H. Cullen was with his brother when he passed away, another brother, Fred Cullin, having returned to Victoria from Powell River only yesterday.

The late Mr. Cullin had the happy faculty of making friends wherever he went, and the news of his death will be received with genuine regret by a wide circle of old friends in this city.

Born in Toronto in March, 1872, Charles L. Cullin came to this city with his parents from Winnipeg at the age of sixteen. He learned the printing trade and for a number of years worked on the mechanical staff of The Daily Colonist, and was also foreman of the job printing department of The Daily Province from 1895 to 1898, before that paper was moved to Vancouver. Upon leaving the printing business, he, in company with Art Belfry, now in California, ran a cigar and tobacco store in Troncoe Alley. At the time of the McBride Government he acted as Sergeant-at-Arms at the Legislative sessions.

It was as a lacrosse player that the late Mr. Cullin will best be remembered among the sporting fraternity of (Concluded on page 7)

GREATER VICTORIA IN FACT IS HOPE OF MAYOR PENDRAY

Speaking to Gyro Club To-day His Worship Expresses Hope of Suitable Union

Says Victoria is Heading in Right Direction and Quotes Figures to Prove It

"I hope to see the time when Victoria, Oak Bay, Saanich and Esquimalt will be one great community," declared Mayor Carl J. Pendray at the close of an address before the Gyro Club at noon to-day.

"We should all be working together," continued His Worship. "Oak Bay is as fine a residential section as you will find anywhere; Saanich is the garden of British Columbia and Esquimalt can be the shipping and manufacturing centre. One section cannot get along without the other. We should all be working together for a better and bigger community and I hope some day to see a sound basis of union agreed upon."

NO CAUSE FOR PESSIMISM

His Worship gave some interesting figures to back up his belief that Victoria is well on the road to prosperity and that there is no cause for pessimism here. He told how the problem of reverted lands had been solved. In 1924 forty-four per cent of the vacant lots in Victoria had reverted, said the mayor, and drastic steps had had to be taken to get rid of the dead stock.

In the four years ending 1924 a total assessed value of \$267,000 of city property was sold. In 1925 a total of \$270,000 worth of land reverted to the city while the sales amounted to \$670,000. In 1926, 178,000 worth of land reverted while \$496,945 worth was sold and placed on the tax-paying list. On the land sold in 1925 and 1926 improvements had been made to the cost of \$244,250.

Canada's Newcomers In Seven Months Total 118,458

Ottawa, Nov. 28.—Immigration for the month of October last year totaled 9,433, compared with 10,013 in the corresponding month of 1926.

While there was a slight decrease in October, 1927, as against the total of October last year, yet for the seven months ending October 31, 1927, the total immigration was 118,458, compared with 106,899 migrants during the corresponding period of 1926.

Of the 118,458 migrants 43,196 came from the British Isles, 16,924 from the United States, 25,199 from the countries of Northern Europe and the remaining 33,139 from thirty-three other countries of the world.

In the seven months under review 28,864 Canadians returned from the United States who had gone intending to reside there permanently.

EARTH SHOCKS IN CHILE

Charral, Chile, Nov. 28.—Two strong earthquakes occurred here Saturday. There were no casualties.

TENSION IN EUROPE REPORTED GROWING

Lithuanians Allege Poles Are Using Agitators to Stir Up Revolt in Lithuania

New York, Nov. 28.—Dispatches to-day indicated the tension in various capitals of Europe had been increased by the publication of charges by the head of the Lithuanian Government that Poland was fomenting a revolt in Lithuania. As the same time it was emphasized that "Vilna," said by Poland in 1920, was the chief obstacle to the resumption of normal relations between the two countries. On behalf of Poland, it was denied Poland entered (Concluded on page 7)

Toronto, Nov. 28.—A special dispatch to The Toronto Star to-day says six were killed in the head-on collision of the Montreal-Chicago flier with a freight train on the Canadian Pacific Railway line fifty-six miles west of Smith's Falls, Ontario, yesterday afternoon. The dispatch states only the body of William Burnett of Smith's Falls has been identified. The five others are indicated as "probably foreigners."

A C.P.R. officials statement said four persons had been killed. Burnett was engineer of the passenger train.

LEG AMPUTATED

Smith's Falls, Ont., Nov. 28.—Rhynard Post of Smith's Falls, fireman on No. 18, the Montreal-Toronto Canadian Pacific Railway express, which was wrecked at Dockerill, fifty-six miles west of here Sunday afternoon, had his right leg amputated above the knee in the hospital late last night.

Lenn Bradford of Smith's Falls, engineer of the freight train which figured in the wreck, and Charlie Katimisk of Toronto, passenger, were reported to have only suffered minor injuries and shock.

The body of Engineer Burnett was brought here last night.

IN TORONTO HOSPITAL

Toronto, Nov. 28.—Sixteen passengers of the Canadian Pacific flier which met disaster near Smith's Falls yesterday in a head-on collision with a freight train lie in the Western Hospital here to-day, two of them with very serious injuries. Most of the victims are Polish immigrants bound for Western Ontario, and they are not all identified, nor are their addresses known to the authorities.

They reached the city early to-day on a special train which carried passengers from the wrecked flier. Many of them, unable to speak English, could not make themselves understood.

Alle Roseman, nineteen-year-old immigrant girl, sustained serious injuries to her spine, while most of the others suffered head injuries on more or less serious nature.

Ambulances were waiting for the injured when they reached Toronto to rush them to the hospital. Casualties near Smith's Falls yesterday on the railway coaches that they might be removed with minimum effort. Train flares and photographers' flares, lighted up the scene as the hand-picked figures, some unconscious and others fretful with pain, were taken from the coach.

Mrs. Mary Tauharovich, who was in the immigrant car with her two little girls, said:

"Windows were splintered and broken, woodwork rocked from side to side." (Concluded on page 3)

BROKERS WANTED TO ANSWER CHARGE

Vancouver Police Seek Members of Firm Which Opened Office There Nov. 3

Vancouver, Nov. 28.—Acting under power of a warrant, police here are endeavoring to find members of the stock brokerage firm of Stone & Company, whose office in the Standard Bank Building was raided last Friday night after it had been found closed. The charge named in the warrant is that of obtaining money by false pretences.

Detectives returned from Seattle last night, where it was reported, Stone & Company maintained an office. No trace of members of the firm was found there.

It was found, after investigation, that the firm established an office here November 3. Records show hundreds of telephone calls were made in Vancouver and to cities in Eastern Canada and the United States.

STOCK MARGINS

Numerous business and professional men of Vancouver were interviewed by members of the firm and many were induced to deposit cheques covering margins on eastern stocks. Principally those of automobile concerns, detective reports indicate. Police declare it is expected the sum involved will run into many thousands of dollars.

Two other stock brokerage firms, which had headquarters in Toronto and recently established here, are under investigation, it is said.

How To Amend the Constitution

November 2
The views of Mr. Lapointe upon the question of amending the Canadian constitution as briefly outlined in the telegraphic message from Ottawa, are what might be expected from one who is a sound Canadian and a public man of vision and courage.

Mr. Lapointe thinks that the power to amend the Canadian constitution should rest in Canada. He is not content that Canada shall remain in the anomalous and humiliating position of

being the only country on earth claiming to be a nation which has to have its constitution patched up for it from time to time by an external parliament. How can any self-respecting Canadian take any other position?

Mr. Lapointe thinks that the agency by which the constitution is amendable should be the Dominion Parliament, with the proviso that amending legislation will not become effective until it has received the necessary ratification by the provinces. This is plainly the way to go about it. The plan follows, is this, both the United States and the Australian precedents.

Mr. Lapointe thinks that, with respect to suggested amendments affecting the rights of minorities, embodied in the past of Confederation, the consent of all the provinces should be necessary. There will be no quarrel with this stipulation. It makes these provisions in the constitution ironclad; but must Canadians, we think, recognize that these provisions must remain unchanged if Confederation is to continue.

Upon matters not affecting the rights of minorities, Mr. Lapointe suggests that the constitution should be amendable when the Dominion and a certain proportion of the provinces—be suggests two-thirds—are in agreement. This again is in keeping with the American and Australian precedents.

The view put forward that the constitution ought not to be changed in the slightest particular if a single province objects is simply idiotic. Let us suppose that all the provinces of the provinces desired to change the provisions in the B.N.A. act which allocate taxing powers between the Federal and provincial authorities. Is it to be tolerated that one province—whether it be Prince Edward Island, the smallest, or Ontario, the largest—should have the right to interpose a veto? A country that would put itself in a strait-jacket such as this would invite and would merit future disruption.

Mr. Lapointe's plan corresponds closely to the statesmanlike suggestion put forward by Mr. Bracken. Its details may call for further consideration but in its broad outlines it is sound, workable and sagacious. It meets all the requirements.

It gives this country a right inseparable from nationhood. How can this country make any claim to being a nation while its very constitution remains nothing but a statute of a parliament not chosen by Canadian electors and not responsible to them?

It relieves the British parliament of a responsibility which it does not want and which Canadians have no right to impose upon it.

It provides the minorities with real, instead of nominal, security. As matters stand to-day, the only safeguard of their rights is their political strength in the House of Commons and in the Senate. Thirty years of experience has shown that the British parliament will change the constitution at the request and demand of the Canadian parliament.

It gives the provinces, together or singly, can butt in and stop the proceedings is just a dream.

WARNING!

The Canadian Anti-vivisection Society warns the parents of the Spanish School District of the immunization of their children against diphtheria. The highest authorities are agreed that this treatment is both dangerous and useless. The Austrian Government has forbidden the treatment. Neither this nor any other form of treatment is compulsory by law. Any persons threatened with coercion should apply for advice and assistance at 317 Bay Ward Building, Victoria.

\$60 SUITS FOR \$40!

Now is your chance to get a new suit for Christmas, made from British materials, all new goods, at the following savings in price:

Reg. \$60 for \$40. Reg. \$50 for \$35. Reg. \$40 for \$27.50
We positively guarantee to fit you and please you or will refund your money. Come to Hope, be well dressed and save money at the same time.

NASH

Leads the World in Motor Car Value

A CLOSED car with the top up. An OPEN car with top back, and with windows lowered and concealed in the door panels.

The New Convertible Standard Six Cabriolet (For 4 passengers)

First Display

\$1505

DELIVERED FULLY EQUIPT IN VICTORIA

Complete, nothing more to buy

The new Nash Standard Six 4-passenger convertible Cabriolet, now being given its FIRST display, sells at the drastically low price shown above, delivered to you, completely equipt, freight and war tax included.

Look over the equipment on this latest Nash. It's the best that money can buy—big, over-size, over-strength, Biflex bumpers; rear fenderguards to match; latest type of shock absorbers; extra wheels; spare tire, lock and tire cover; actually more than \$100 worth of extras included in its low price.

Don't forget it is a real convertible, with either a tan Burbank or black top, optional, at no extra cost.

The rear deck seat is big and roomy. The upholstery is gray Colonial leather. Driving lights are controlled at the steering wheel. Instruments are grouped in a charming walnut finished panel. A smart car in every detail with sparkling nickel trimmings.

And a fast, powerful car, with a big 7-bearing engine, rubber mounted and precision balanced for quiet action. The 2-way 4-wheel brakes of Nash are over-size for super-safety. And the newly refined steering mechanism is the easiest on earth.

All this week the Cabriolet is being given a special introductory display. Ask about the special terms now available on your present car.

Corner Quadra and Yates Streets. Phone 2058 (7021)

They have no such right. That they ought to have the right to participate in the work of amending the constitution; and they will get this right when Canadian machinery for amending the constitution is set up.

It is reported that when Mr. Lapointe outlined his plan Mr. Ferguson of Ontario and Mr. Taschereau of Quebec knew whether he spoke the mind of the Dominion Government. We trust that he did. We hope that he outlined the policy that the government proposes to submit to the judgment of the people of Canada. No government worthy of the name of Liberal, could it seems to us, take any other position. If the government does this and Mr. Ferguson and Mr. Taschereau choose to make common cause against the policy thus avowed, these two Dromedaries will speedily find out how far behind the "recession" they are.

ANNOUNCE DRAW FOR NEXT ROUND OF ENGLISH CUP

London, Nov. 28 (Canadian Press Cable).—The draw for the second round of the English Football Association Cup, which was made to-day is as follows:

Gainsboro-Lincoln.
Bradford City-Spenmoor or Rotherham.
Bradford-Southport.
Crewe Alex. or Ashington-Stockport.
Durham or Wrexham-Carlisle.
Darlington-Rochdale.
Tranmere Rovers-Hullfax.
New Brighton-Rhyl.
Coventry or Bournemouth-Bristol Rovers.
Gillingham-Southend.
Luton or Clapton-Poole or Norwich.
Merthyr or Chylton-Kettering.
Swindon-Crystal Palace.
Bothwell or Peterboro and Fleeton-Aldershot or Queen's Park Rangers.
Northampton-Watford or Brighton.
Exeter-Hford.
London Caledonians-Bath.

The matches will be played on the grounds of the first-named club on December 10.

Ritchie Wants Bout

San Francisco, Nov. 28.—Offers to meet Willie Ritchie, former lightweight champion, in a ten-round bout at the San Francisco Baseball Park late next month or in January, have been telegraphed by Frontiero Ancl Hoffman to Sammy Mandell, lightweight titleholder, Jimmy McLarnin, Vancouver, B.C., a youth who is creating a sensation in the East, and Phil McGraw, of Detroit.

Hoffman also is working on a programme for the night of December 19, featuring Ritchie with Dick Hoppe, of Los Angeles, or "Spud" Meyers, of Idaho; Armand Emmanuel, San Francisco heavyweight, and "Speedy" Dado, Manila flyweight, against opponents to be selected.

SEVEN CROPS DECREASE
Comparison of figures of production this year with those of last show a decrease in corn, oats, cotton, apples, peaches, tobacco and sugar beets. An increase is reported in barley, rye, buckwheat, flax, tame hay, white potatoes, grapes and sweet potatoes.

In parts of Japan, sleeping with the windows open is forbidden by police, who fear that it would increase robberies.

Waterman's

Selection and Service at 5,500 Canadian Merchants

Red STANDARD—Satisfactory. A splendid correspondence pen. Medium flexibility. For home and general use.

Green—RIGID—Tender to armor plate hard use. Will not shade even under heavy pressure. Unequalled for mail-ordering.

Purple—STIFF FINE—Writes without pressure. Makes a thin, clear line and small figures with unerring accuracy. Popular with accountants.

Pink—FLEXIBLE FINE—As resilient as a watch spring. Fine, tapered point, ground face to shade at any angle. Loved by stenographers.

Blue—BLUET—An improved stub point. This point makes a broad line, but tapers to any point, liked by rapid writers.

Yellow—ROUNDED—A different pen point. The tip is ball shape. Makes a heavy characteristic line without pressure. Suits left-handed writers.

3449PAY FIRST PENSIONS
BEGINNING OF YEARRetirement of Twenty Mem-
bers of City Services Urged
By CommitteeOne Month's Leave of Ab-
sence With Salary Would
Precede Pensions

The retirement of twenty city employees on superannuation, to take effect January 1, 1928, will be recommended to the City Council to-night by the civic service committee. The committee also recommends that those slated for retirement be given a month's leave of absence with salary as from December 1.

While the identity of those included on the list is not disclosed in advance of council ratification of the plan, the list is said to include two members of the fire department, four of the engineer's outside staff, and fourteen street sweepers.

The retirement of the street sweepers was forecast on the purchase by the city of a motor sweeper to do most of the street washing and brushing by mechanism.

The civic service committee proposes the retirement of the first city employees to go, under the city's measure now under consideration in by-law form. The by-law gained considerable support at a meeting of outside city workers held yesterday when they were addressed by members of the civic service committee, and the details of the alternative pension plans outlined.

HALF-DOZEN KILLED AND
THIRTY-TWO INJURED IN
TRAIN COLLISION IN
ONTARIO

(Continued from page 1)

Winnipeg, Nov. 28.—Hon. Robert Forke, Federal Minister of Immigration, interviewed here last night, said he considered the statement made by Alderman M. J. Caldwell at Regina, in connection with the alleged practice of members of Parliament using permits to bring in immigrants, "practically put him out of the thing." He refused to comment further.

jured were groaning and screaming. Everything was covered with blood. We lost our baggage money, everything we owned, except the clothes we wore."

CARS SPLIT OPEN

George Vandry, Montreal business man, en route to Detroit, gave a graphic story of the collision. There was an immediate rush forward, said Mr. Vandry. The first three cars of the express were split wide open. It was impossible to tell at first who had been hurt or how many. The two trains had come together head-on. The roof of one car had been ripped completely off, like a shingle from a house, and had been deposited fifty yards away in a field. The tender of the express had gone into a twelve-foot ditch. Mail bags were scattered all over the place. Flour from broken barrels had made the ground as white as snow.

Children were crying. Mr. Vandry and two friends picked up the body of one dead woman.

RESCUED BOY

One eight-year-old boy had got his arm caught in an elbow of a broken steamship in the collision car, and the escaping steam was slowly burning his side. With great difficulty Mr. Vandry pried the lad free.

Mr. Vandry stated debris was scattered all over the place. He saw four dead. Many immigrants were pinned down by timbers and coach seats, but were freed with all possible speed by rescuers.

At one time two coaches caught fire. It looked for a moment, he said, as if the tragedy was going to be increased. But the rescuers got palls from the coaches and water from broken pipes in the express engine and by dint of almost superhuman effort managed to extinguish the flames.

With railroad officials reticent as to names until accurate data can be secured from the injured now in the Western Hospital here, the casualty list remains unchanged. Three seriously injured in the hospital at Smith's Falls and sixteen injured in the Western Hospital here comprise the list of injured as available at present. This does not include, however, those suffering minor injuries who are not recorded or have not been discovered as yet.

A prominent railway official here described the collision as a "terrible thing," but he declined to comment on it until all the facts should be available. He expressed the opinion no fault rested with the dispatcher in this division. The majority of those injured are Polish immigrants.

Tragic sights greeted those who met the train which brought the

injured here. In the collision car in which the immigrants traveled, bewildered and unable to speak more than a few words of English, the uninjured Poles seemed stunned by the sudden blow which had fallen on them, while those who had suffered injuries lay about the car.

Help came from all sides and every means was exhausted by railway officials to relieve the suffering.

So far there has been no official statement explaining the cause of the wreck. According to reports, the Montreal-Chicago flyer, traveling at a mile a minute, crashed head-on into an east bound freight train at Dockerville, twelve miles east of Napanee. The terrific impact sent both engines rearing into the air. They rolled down an embankment, the passenger locomotive dragging four coaches with it.

It is reported the freight train failed to take the switch in order to let the flyer pass and also ran over the switch at Dockerville, due to the heavy weight of the cars.

The engineer of the freight, according to reports, in an effort to save the situation, uncoupled some of his heavy train and started back with a light load toward the oncoming express. His intention was to put torpedoes on the track, but his plan failed owing to the sharp curve in the track, and the express came on without any slackening of speed.

A bulletin issued by railway officials after the crash gave the injured as thirty.

The passenger train left Montreal at 9:45 yesterday morning en route to Toronto.

THREE IN HOSPITAL

Smith's Falls, Ont., Nov. 28.—Rhyndar Post and Lenn Bradford of Smith's Falls and Charles Karmilski of Toronto, three of those injured in the crash Sunday afternoon of the Montreal-Toronto Canadian Pacific Railway express with a freight train at Dockerville, fifty-six miles west of here, were reported to be resting easily in the Smith's Falls General Hospital this morning.

Post, who was fireman on the express, had his right leg amputated above the knee after being rushed to the hospital last night. Bradford, engineer on the freight train, and Charles Karmilski, a passenger on the express, were suffering mainly from severe bruises and shock.

NO STATION THERE

Belleville, Ont., Nov. 28.—There is no station at Dockerville siding, where four persons lost their lives and a number were seriously injured in a collision between a Canadian Pacific passenger train and a freight train yesterday afternoon. Trains pass each other

Our Entire Stock of

Model Fur-trimmed Coats

Goes on Sale Tuesday at Decidedly
Reduced Prices

\$1.49

I See by the Papers

That Victoria is sure "Putting It Over." I see where it says that we rank right up in the class of the larger cities that do things BIG and it sure is a monster job to move \$32,000 worth of fine shoes in 4 weeks' time. But Victoria is equal to the occasion and will sure "Put It Over."

at the siding and it is unofficially reported here that the freight stalled and before the on-coming passenger train could be flagged, it crashed into the freight while traveling at a high speed.

CONVENTION DESIGNED TO
HEAL TORY SPLIT
LEAVES BREACH AS
WIDE AS EVER

(Continued from page 1)

BOWSER BOOM GROWS

While the carefully-censored report of the convention given out to the press barely mentioned this incident, friends of Mr. Bowser indicated later that they were bitterly incensed at this open charge of treachery on their part, which is a sequel to H. D. Twag's allegation that officers of the Victoria Conservative Association are not loyal to Mr. Toulmie.

Although the Toulmie wing of the party had predicted that the Vancouver meeting would deal summarily with the Bowser boom and prevent it increasing in momentum, friends of the old leader left the convention more determined than ever to bring back Mr. Bowser to public life. The move in this direction will be pressed ahead vigorously in Victoria and Vancouver, where Mr. Bowser's friends control the party machinery. The convention thus left the party where it found it, split between two contending factions, one determined that Mr. Bowser shall re-enter politics and the other equally determined to keep him in permanent retirement. The optimistic statements given out after the conference and the applause for Dr. Toulmie thus failed to hide the breach which is growing wider all the time.

TOLMIE ASKS SUPPORT

In his address to the convention Dr. Toulmie himself admitted that trouble existed within the party ranks and demanded full support for his leadership when he said: The time has come when we must decide whether we are going to fight one another or unite to defeat the enemy. This declaration followed his admission that there had been some disagreement between different "wings" of the party in "one or two constituencies," which were taken to mean Victoria and Vancouver.

PLAN ORGANIZATION

The convention prepared for party organization all over the Province. It was decided to recommend to the incoming executive the appointment of three organizers, one of whom would be employed on Vancouver Island.

Resolutions endorsing the leadership of Hon. R. B. Bennett, K.C., as Federal leader, and Hon. S. F. Toulmie as provincial leader, were passed amid enthusiastic applause. The thanks of the association for the work of R. H. Pooley, House leader, were also tendered amid applause.

The association passed a unanimous vote of condolence to Mrs. Oliver, widow of the late Premier, and expressed its regret at the removal by death of one who had been so prominent a figure in the public life of the Province.

PASS RESOLUTIONS

The financial situation of British Columbia was the subject of a motion which expressed alarm at the increase in the public debt.

Resolutions passed at the Winnipeg convention in respect to inter-provincial highways, Oriental excursion and the utilization of Canadian ports for foreign trade were endorsed.

Another motion that was carried without opposition was in favor of the encouragement of the manufacture of pulp in British Columbia, and reduc-

tion to a minimum of the exportation of raw materials.

By a silent, standing vote, regret was expressed at the passing of the late C. S. Semlin, former Premier of British Columbia.

NEW OFFICERS

The election of officers resulted as follows:

President, N. S. Loughheed, Port Haney. Vice-presidents, C. M. O'Brien, Vancouver; W. W. Foster, Vancouver; Frank Hassard, Enderby; Mrs. A. J. Patterson, Vancouver; John Bennett, Nanaimo; Mrs. Charles Wagget, Kamloops. Treasurer, H. L. Edmonds, New Westminster. Secretary, J. E. Carpenter, Vancouver. Representative on the Dominion Council, Hon. H. H. Stevens. Executive members elected were as follows: T. H. Kirk, R. J. Hamilton, D. B. Plunkett, J. W. Cornett, J. Payne, E. Bish, V. B. Harrison, A. A. Robertson, E. Mallandine, P. Harkness, J. R. Motion, J. Kirkpatrick, C. H. Orme and C. A. Welsh.

In addition fourteen women members of the executive will be chosen by the women's organizations in the different "Federal" constituencies. This addition of women to the main executive body was the result of the unanimous wish on the part of the members to show appreciation of the work of the women throughout the Province in the various associations.

Los Angeles, Nov. 28.—Gordon J. Walters, twenty-nine-year-old salesman, was shot to death Saturday night by Mrs. Hazel Hull after he had visited her eighteen-year-old daughter, Marie.

The police said Mrs. Hull charged Walters with having attacked her daughter during an evening automobile ride last week. The police report Mrs. Hull confessed the shooting when she and Marie were questioned by detectives.

How to Banish
Piles

Dr. Leonhardt Has Discovered a Harmless Internal Remedy That's Guaranteed—No Cutting—No Messy Salves

If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the new treatment known as Dr. Leonhardt's HEM-ROID.

The Doctor's treatment is internal. By experimenting, he discovered the cause of piles and then went further and compounded a remedy that would remove the cause.

Every pile sufferer should benefit by his discovery and so that there will be no doubting of delay MacFarlane Drug Company and Vancouver Drug Company and all druggists are authorized to sell HEM-ROID with guarantee that it will do as stated or money back.

On that honorable basis every pile sufferer should try Dr. Leonhardt's HEM-ROID without delay. (Adv.)

ANTI-MALARIA FIGHT IN ITALY

Rome, Nov. 28.—Premier Mussolini appears in a new role—that of health bringer to his people.

In a report he has just submitted for consideration at the forthcoming session of Parliament, Il Duce urges the establishment in Rome of a graduate school of malarology, to solve the complex problems of sanitation throughout the country by providing adequate water supply and proper drainage.

Malaria has been a curse to Italy for centuries and the Premier proposes students of the new school should devote their efforts to ascertaining the cause of the malady and devise means to combat its spread.

BISHOP WELCOMED

Paris, Nov. 28.—Japan's first Roman Catholic bishop, Mgr. Hayasaka, was received formally in Notre Dame Cathedral here yesterday. At the elaborate ceremony Cardinal Dubois voiced France's pride in giving Japan her first bishop, because of the fact that he was trained here.

Wednesday Supper Cabaret Dance At Crystal Garden

The presentation of clever cabaret artists at the supper dance at the Crystal Garden every Wednesday evening has proved an exceedingly popular feature, and it is the intention of the management to continue this event weekly throughout the winter months. Upwards of 100 patrons enjoyed the

Why Women Wanted And Science Developed A New-Type Hygiene

By ELLEN J. BUCKLAND Registered Nurse

MODERN women with the business world to face, and a more tense social life to lead, demand greater protection in meeting their greatest hygienic handicap. As a result, the old-time sanitary "pad" is fast disappearing.

Over 80% of better-class women now employ KOTEX—more than a sanitary pad, true scientific protection. Filled with Cellulocotton wadding, the newly perfected super-absorbent, it is five times as absorbent as ordinary cotton pads.

Kotex also DEODORIZES while it acts. Also, it is discarded easily as tissue. No laundry—discard like tissue.

MANY TABLES TAKEN FOR M.C.A. TEA

Mr. and Mrs. J. F. Smith came over from Vancouver this morning and are staying at the Empress Hotel.

Mr. and Mrs. Herbert Gray of Dunsmuir are spending a few weeks in Victoria.

Mrs. McQuinn and Miss Grace McQuinn, after spending a short time in Victoria, have returned to their home in Seattle.

Mrs. J. E. B. Dickson, St. Patrick Street, O. Bay, accompanied by her daughter, Edna, will leave tonight for Kamloops to spend several weeks.

Mrs. M. L. Kinder of Lillooet and Mrs. D. Bothwell of Kildonan are spending a few days in Victoria with Mrs. Smith, Balmoral Hotel.

Senator and Mrs. Hewitt Bostock of Monte Creek, B.C., have taken the home of Mr. and Mrs. Frank Adams in Vancouver during the absence of Mr. and Mrs. Adams in California.

Mr. L. O. Brown of the Department of the Interior, Ottawa, who is spending some time in Victoria on research work, is at present spending a few days in Vancouver.

Mrs. J. H. Taylor, Linden Avenue, who has been spending the week in Vancouver as the guest of her sister, Mrs. F. Morrow, returned to Victoria yesterday afternoon.

Miss Kathleen Ross, daughter of General and Mrs. J. M. Ross, entertained a number of young friends at the tea, hour on Saturday afternoon at her home at Work Point Barracks.

Miss Florence M. Streeter, who has made many friends during her six years' service in the Victoria Chamber of Commerce, severed her connection with that organization today. Miss Streeter has accepted a position with E. G. Prior and Company.

Mrs. L. Cunningham of North Vancouver, who has been visiting in Victoria for several weeks as the guest of Mr. and Mrs. Peter Bell, Beach Drive, has returned to her home on the Mainland.

Professor and Mrs. J. R. Alexander have returned to their home in Seattle after spending the Thanksgiving holidays as the guests of Mrs. Alexander's parents, Mr. and Mrs. John Cochrane, Linden Avenue.

Mr. and Mrs. W. H. Clark of 2552 Blenheim Avenue will celebrate the fiftieth anniversary of their wedding to-morrow. They will be "at home" to their many friends from 2 until 5 o'clock in the afternoon, and after 8 o'clock in the evening.

Mr. R. W. Murdoch of Orange's Limited, Victoria, has left for Chicago, where he will spend a few days before proceeding to Montreal to attend the company's annual meeting of managers.

Mr. and Mrs. Herbert A. Jesse of 433 Cook Street, announce the engagement of their eldest daughter, Eleanor, to Mr. Joseph E. B. Toner of Seattle, only son of the late Mr. Peter E. Toner and Mrs. Toner of Gladstone Avenue, Victoria, the wedding to take place on December 17 at 1:30 o'clock at the Reformed Episcopal Church.

HOUSE WEDDING PRETTY CEREMONY

Miss Mary C. Lynn and Leonard S. Hemming United Saturday

A pretty house wedding took place on Saturday evening last at the home of Mr. and Mrs. Varner Lynn, when Rev. Glen Davies united in marriage their only daughter, Mary Clark, to Leonard S. Hemming, son of Mr. and Mrs. Cecil Hemming of Oak Bay.

The bride, who was given in marriage by her father, was attired in a charming gown of white georgette crepe, trimmed with satin, and wore the conventional veil and orange blossoms. Her bouquet was of Ophelia roses, white carnations and pink maidenhair fern. As the bride entered on the arm of her father the Wedding March from "Lohengrin" was played by Mrs. Dickinson, assisted by Mr. Farrell with a violin obligato.

Attending the bride were Miss Mabel Stevens, attired in a gown of mauve tulle, trimmed with silver lace and carrying a bouquet of orange chrysanthemums and maidenhair fern, and Miss Irene Hemming, in a gown of pink tulle, trimmed with silver lace and carrying a bouquet of pink chrysanthemums and maidenhair fern. The bridegroom was supported by Mr. Bernard Simmons.

Following the ceremony a reception was held, the bride and bridegroom receiving the felicitations of their friends while standing under an archway of evergreens and autumn leaves from which a wedding bell was suspended. Afterwards the party repaired to the dining-room, which was artistically decorated with pink carnations and Ophelia roses, the three-tiered wedding cake occupying a place of honor. Mrs. Varner Lynn wore a beaded dress of Nile green georgette, assisting her in receiving the guests being Mrs. Cecil Hemming in a gown of rose colored brocade satin. The bride's gift to the groom was a gold watch, suitably inscribed; the bridegroom's gift to the bride was a rope of pearls; to Miss Stevens and Miss Hemming, a jade pendant and butterfly ring, respectively; and the best man a pearl stickpin.

The bride's traveling costume was of mauve crepe de Chine and a coat of blue neoprene trimmed with grey squirrel with a hat en suite. The many pretty gifts received by the happy couple showed the appreciation of their friends.

Mr. and Mrs. Hemming will spend their honeymoon touring the Sound cities, and on their return will take up their residence in this city.

Margaret Jenkins School's Annual Bazaar Success

Mrs. P. B. Scurrah formally opened the very successful annual bazaar of the Margaret Jenkins Parent-teacher Association held at the school on Friday afternoon, the proceeds of which will be devoted to the purchase of an Orthophonic for use in the school. Mrs. Scurrah in a graceful little address complimented the association on its efforts on behalf of the school, and the close was presented with a lovely bouquet of chrysanthemums by little Orlina Peterson.

Mrs. A. Tinker acted as general convener, and the various stalls were as follows: Surprise stall, Mrs. E. E. Corbett; home cooking, Mrs. S. Johnson; aprons, Mrs. W. Grant; fancywork, Mrs. W. H. Gos; candy, Mrs. J. S. Horne; children's work, Mrs. G. M. Havercroft; afternoon tea, Mrs. A. S. Denny; ice cream, Mrs. C. H. Greene; Christmas tree, Mrs. P. Brien. In the competitions the winning number for the doll was 184, held by Mrs. Brinkman. The football was won by Billy Baird. The Christmas pudding weighed two pounds and ten ounces and was won by Mrs. Bishop.

YOUR BABY and MINE

By MRS. MARY ELDERED

Mrs. Eldered will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

DEPLORES A TOO-FREQUENT NURSING PERIOD

Mrs. H. W. writes: "I am writing for your good advice. My baby is six months old and weighs 16½ lbs. At two months she had gone back to 8½ lbs., so that I weaned her from the breast. I now give her four ounces of milk, four of water, one teaspoon of oil and one of sugar, every two and one-half hours. I would like to know how to give her cereal, whether by her bottle or between it."

ANSWER:
No wonder the baby has made such a good gain in four months. He is getting thirty-two ounces of milk daily, which is ample for a child one year of age, and more than he needs at his present weight. Never, never—unless a child is premature—should one feed often than once in three hours. Five times daily is sufficient for your plump little chap and the formula can be twenty-four ounces of boiled milk, sixteen of boiled water and four and one-half level table-spoons of sugar.

The cereal is given right with the meal and not between meals. That would make the feeding come every hour and one-quarter hours.

The cereal may be given in teaspoon amounts at first, before the bottle, or put into the bottle. Gradually increase this amount.

FALSE TEETH NO EFFECT ON CHILD'S TEETH

Mrs. M. Writes: "A friend of mine is to be married. She is worried for fear her false teeth will affect her children's teeth. I told her I would ask you, though I do not think it would have any effect."

"My baby, two weeks old, doesn't seem to have enough at certain feedings. I changed from the four to the three-hour schedule. He has never been fed at 2 a.m."

ANSWER:
Set your friend's fears at rest. You wouldn't expect a man who lost his legs in an accident to have legless children, and the principle is the same.

Weigh the baby before and after feeding to discover if there are some feedings at which there is less milk being secreted. This loss can be made up with a complementary bottle. Since the baby has not had the 2 a.m. feeding it is better to feed every three hours in the day at such an early age, for he will be happier with six feedings daily. Using both breasts at a feeding may be helpful in satisfying him and I would try that before using a bottle. After all, he is very young, and many things go wrong the first two weeks, which adjust themselves nicely later on.

Attending the bride were Miss Mabel Stevens, attired in a gown of mauve tulle, trimmed with silver lace and carrying a bouquet of orange chrysanthemums and maidenhair fern, and Miss Irene Hemming, in a gown of pink tulle, trimmed with silver lace and carrying a bouquet of pink chrysanthemums and maidenhair fern. The bridegroom was supported by Mr. Bernard Simmons.

Following the ceremony a reception was held, the bride and bridegroom receiving the felicitations of their friends while standing under an archway of evergreens and autumn leaves from which a wedding bell was suspended. Afterwards the party repaired to the dining-room, which was artistically decorated with pink carnations and Ophelia roses, the three-tiered wedding cake occupying a place of honor. Mrs. Varner Lynn wore a beaded dress of Nile green georgette, assisting her in receiving the guests being Mrs. Cecil Hemming in a gown of rose colored brocade satin. The bride's gift to the groom was a gold watch, suitably inscribed; the bridegroom's gift to the bride was a rope of pearls; to Miss Stevens and Miss Hemming, a jade pendant and butterfly ring, respectively; and the best man a pearl stickpin.

The bride's traveling costume was of mauve crepe de Chine and a coat of blue neoprene trimmed with grey squirrel with a hat en suite. The many pretty gifts received by the happy couple showed the appreciation of their friends.

Mr. and Mrs. Hemming will spend their honeymoon touring the Sound cities, and on their return will take up their residence in this city.

HOUSE WEDDING PRETTY CEREMONY

Miss Mary C. Lynn and Leonard S. Hemming United Saturday

A pretty house wedding took place on Saturday evening last at the home of Mr. and Mrs. Varner Lynn, when Rev. Glen Davies united in marriage their only daughter, Mary Clark, to Leonard S. Hemming, son of Mr. and Mrs. Cecil Hemming of Oak Bay.

The bride, who was given in marriage by her father, was attired in a charming gown of white georgette crepe, trimmed with satin, and wore the conventional veil and orange blossoms. Her bouquet was of Ophelia roses, white carnations and pink maidenhair fern. As the bride entered on the arm of her father the Wedding March from "Lohengrin" was played by Mrs. Dickinson, assisted by Mr. Farrell with a violin obligato.

Attending the bride were Miss Mabel Stevens, attired in a gown of mauve tulle, trimmed with silver lace and carrying a bouquet of orange chrysanthemums and maidenhair fern, and Miss Irene Hemming, in a gown of pink tulle, trimmed with silver lace and carrying a bouquet of pink chrysanthemums and maidenhair fern. The bridegroom was supported by Mr. Bernard Simmons.

Following the ceremony a reception was held, the bride and bridegroom receiving the felicitations of their friends while standing under an archway of evergreens and autumn leaves from which a wedding bell was suspended. Afterwards the party repaired to the dining-room, which was artistically decorated with pink carnations and Ophelia roses, the three-tiered wedding cake occupying a place of honor. CITY TO OPEN LAND OFFICE NEXT WEEK

New Buildings on City-sold Property in Two Years Aggregate \$240,000 in Value

The change-over of the city lands office to the new location on the corner of the city hall, where it will occupy the offices formerly held by J. A. Walker, Limited, will be made this week. The office will be open to the public on Monday of next week, it is anticipated, by which time everything will be transferred.

The first window display to be made by the city lands office in its new site, will be a series of photographs showing the buildings erected on property bought from the city in the last few years. Upwards of \$240,000 worth of improvements have been built on city-sold property within the period 1926-27.

The change in the site of the lands office was ratified by the council at a recent session, and will mark the beginning of a new drive. Under the slogan of "Give-a-Lot-for-Christmas" the city lands department is pushing the many investment openings possible in city land, due to the steady rise in value in many sections of the city in regard to both business and residential property. The drive is proving popular, and increasing sales are being reported weekly by the department.

CHARLES L. CULLEN CALLED BY DEATH

(Continued from page 1)

his day. From 1891 to 1897 he played with the Victoria lacrosse team as cover point, and was one of the Victoria world's championship team which went East in 1893 and defeated all the big Eastern teams in Quebec, Montreal, Toronto and Ottawa. On the return to Victoria, the team was presented with handsome gold lockets by the citizens in appreciation of their prowess. The late Mr. Cullen also acted as referee in many of the matches between this city, New Westminster and Vancouver.

About the year 1905, he went North in the service of the Provincial Government, acting as gold commissioner and road superintendent.

Five years ago, Mr. Cullen left Victoria to accept the position of general superintendent of the welfare department of the Powell River Pulp & Paper Company, in which post he also had charge of the sporting and athletic activities of the company's employees. He also edited the Powell River Digest.

In addition to one daughter, the late Mr. Cullen is survived by his mother, Mrs. M. A. Cullen of William Head, three brothers, W. H. Cullen, Victoria, former King's Printer; Frank Cullen, Magna Bay, B.C., and Fred Cullen of this city; three sisters, Mrs. J. W. Morrison, Vancouver; Mrs. S. W. Edwards, Victoria, and Mrs. G. D. Robertson, William Head.

The remains will arrive in the city Wednesday morning, accompanied by W. H. Cullen, and funeral arrangements will be made later.

GREATER VICTORIA IN FACT IS HOPE OF MAYOR PENDRAY

(Continued from page 1)

TURN OF THE TIDE
"So you see the tide turned in 1925, when the sales became greater than the reversions and we had a nice surplus," declared His Worship. "This gave people confidence and they began to pay their taxes more readily. In 1924 eighty-four per cent of the current taxes were paid, and each year the amount increased until this year ninety per cent had been paid."

"It is not necessary to sell any more land at a sacrifice," continued His Worship. "I consider that the land we have now is a great asset and will aid in materially reducing our taxes in the future. Next year I hope to see a vigorous campaign for selling land at good prices."

His Worship also referred to the reductions made in the assessments and showed how the amount of money collected by the municipality from the tax-payers had decreased from 1,722,750 in 1924 to \$1,499,000 in 1927.

"This is not a paper reduction but an actual one," he commented. "If any other city in the country has made such strides as Victoria. Our bonds, which were a drag on the market a few years ago, are now selling at par or better."

Growth in building permits and bank clearings were also cited by His Worship to prove that the city was heading in the right direction.

The Gyro Club will hold its regular bridge party to-night. Gyro Art McNeill announced. The directors will meet at the clubrooms at 7 o'clock. President Archie Willis presided at the luncheon.

TENSION IN EUROPE REPORTED GROWING

(Continued from page 1)

tained any aggressive intentions against Lithuania.

There was overwhelming evidence, Premier Waldeckras of Lithuania alleged in a signed telegram to the Reuter correspondent in Berlin, that certain persons who fled from Lithuania after the attempted revolution at Taurigen last September were being used by the Polish Government as organizers of a movement against his Government.

AGREEMENT SUGGESTED
The telegram added: "I must emphasize that no Lithuanian party is ready to renounce Vilna, and least of all my party."

Advices from Warsaw say officials do not share the uneasiness existing in governmental circles in Moscow, Berlin and Kovno. The note of the Soviet Government to Poland expressing concern is interpreted in Warsaw as meaning Russia merely desired to create an atmosphere that would enable her to participate in whatever preliminary discussions were held, thereby making it sure Russia would be included when the matter should come before the League of Nations. The specific matter before the League is Lithuania's charge that Lithuanian clergy in the Vilna district are being mistreated.

No one was taking the Soviet note seriously, the Polish Legation said in a statement it issued. The statement also denied any aggressive intentions on Poland's part against Lithuania.

own party. I am ready to resume normal relations when a satisfactory agreement has been reached with Poland regarding Vilna and when Poland manifests readiness to respect Lithuania's independence."

Although the Council of Ambassadors in 1923 approved Poland's claim to Vilna, Lithuania has refused to accept that ruling. Recently friendly representations were made at Kovno, seat of the Lithuanian Government, by Great Britain, France and Italy, but the "state of war" between Poland and Lithuania continues.

MANY DROWNED IN FLOODS IN ALGERIA

Houses Swept Away; Large Buildings Collapse; Troops Doing Rescue Work

Algiers, Nov. 28.—Hundreds of persons are reported to have been drowned in a widespread flood that swept away houses and caused big buildings to collapse in a hundred mile area just east of Oran.

Rain fell in torrents for forty hours, deluging an area miles wide from Orleansville to Perregaux, and northward to the Mediterranean Sea. While all those known to have been drowned were rescued, it is feared many foreigners also lost their lives as the foreign quarters of the cities in the path of the flood were badly hit.

TOWN HALL COLLAPSED
The worst damage was at Mostaganem, where the City Hall collapsed. Eight bridges in the vicinity are said to have been carried away and the homes, barns and livestock of farmers were destroyed.

Rescue crews and troops have been dispatched to the flooded area, but

New Autos Soon To be on Display

Detroit, Nov. 28.—The first official announcement that the new Ford car will be equipped with four-wheel brakes was made to-day by the Ford Motor Company. The announcement also said the new car "has actually done sixty-five miles an hour in road tests."

The price and other details of the new machine were withheld.

New York, Nov. 28.—Edsel B. Ford expects all models of the new Ford car will be ready for the initial public showing next Friday. A few months later, it is planned to add a roadster to the models he says. Only the two-door sedan was displayed to dealers at a private showing at Long Island City last week.

Accurate estimates are difficult, as most places are cut off from communication and many of the dead have been carried considerable distances from their homes.

Forty thousand troops are required to make one ounce of after-of rain.

Blood passed through the human heart at the rate of seven miles an hour.

Blood passed through the human heart at the rate of seven miles an hour.

The NEW CAR

ALL THAT engineers have learned, all that millions of owners have experienced in nearly a quarter of a century, have made possible this car which is today as far ahead of its time as was the famous Model T in 1908.

Sixteen million automobiles, serving their owners in jungle and desert, on mountain and plain, on boulevard and highway, were the test cars that have made this new automobile possible.

Its advent marks a new epoch in automotive engineering in point of inbuilt quality—niceties of mechanical design, lavish use of the finer metals, precision in delicate machining processes.

Nowhere in its construction has there

been slighting of either major essentials or minor details. From its outermost hub-cap to its innermost bearing, the new Ford car epitomizes engineering skill to a degree unexcelled in the annals of motor car manufacture.

This entirely new car surpasses the accepted standards of light car accomplishment; sweeps aside all boundaries of price class; establishes a new standard of acceleration, speed, power and smoothness that heretofore has marked only expensive cars as fine cars.

Yet Ford precision in large scale production, unparalleled in the history of automotive manufacture, places this car within the reach of every purse.

An advance showing of the New Ford Car will be made Friday, December 2nd, in the following cities:

Halifax	Kitchener	London	Saskatoon
St. John	Peterboro	Windsor	Moose Jaw
Quebec	Toronto	Fort William	Calgary
Sherbrooke	Hamilton	Winnipeg	Edmonton
Montreal	Brantford	Regina	Vancouver
Ottawa			Victoria

As rapidly as increasing production permits, these public showings will be extended until all of the 736 Ford dealer points have been covered.

If you live in one of the cities listed above, visit the exhibit of this New Car. At other points, see your local dealer next Friday. He will give you complete specifications, prices and an excellent conception of its unusual features.

DIRECTOR OF BIG EPIC FILM AT DOMINION WAS ACTOR IN PAST YEARS

Raoul Walsh Starred First in "The Birth of a Nation,"
Then Took Up Directorship and Brings Climax to
Noteworthy Career With Present Fine Production

From playing John Wilkes Booth in the first great film spectacle, "The Birth of a Nation," to directing "What Price Glory," the epic comedy drama at the Dominion Theatre, Raoul Walsh boasts a colorful screen career. Apparently acting as a profession did not interest him, for immediately after appearing in the Griffith film, he dropped histrionics for the megaphone, and has been directing ever since, and now comes his supreme effort, a drama of life, fierce and ugly but beautiful and rapturous, and the whole etched with comedy, so naturally funny that it wakes the risibilities to a newer and finer sense of humor. It is behind the lines that we meet the hard-boiled Captain Flag, the picturesque campaigner, Sergeant Quirt, the Beau Brummell of the marines, and Charmaine, a confiding French dandy as any two men could fight over. She is the love of the film. To her they are Yankee's finest and bravest war-

riors, who are ready to fight to death for her favor. About such human, characteristic figures does this dramatic comedy of the screen evolve.

And, of course, we mustn't forget Private Kiper and Private Lipinsky, played by Ted McNamara and Sammy Cohen, who add so much warmth and real humor to the production.

"What Price Glory" is the most sincere film in history. To see it is to become a living part of it. Another fine programme will be presented by the Crystal Garden Orchestra at the Dominion Theatre. Director Tickle has lined up something special in the way of musical entertainment for the occasion. Among the numbers to be played are "Charmaine," a new popular number which is used as the principal musical theme in "What Price Glory," Charmaine being one of the leading characters in the picture, played by Dolores Del Rio. The other orchestral numbers include "Barbara," a new hit; "Roses of Picardy," "Pale Moon" and a novelty comedy number. The assisting vocalist will be Mrs. Arthur Dowell, the gold medalist soprano and the winner of the British Columbia championship cup.

Coliseum Offering Comedy Creations To Victoria Public

Stage Attraction Added to Excellent Picture Entertainment This Week

The best excuse for laughter Victoria has had in many a day is in store for those who see the Ray Bell stock company in "Everybody's Doing It" at the Coliseum, starting to-night.

The Ray Bell company has enjoyed the height of popularity in the short while that they have been here. This company specializes in three-act comedy dramas that are highly entertaining and pleasing to all.

The screen attraction is a big sea story. Piracy as colorful is flourishing today, just as it did in the days of the Spanish Main, is a big part of the film.

It furnishes the basic theme of Richard Dix's new Paramount starring picture "Shanghai Bound," which comes to the Coliseum Theatre this week.

Chinese river pirates are attacking ships to-day as they have for centuries. The only difference is that they have improved their methods. Organized bands of marauders operate up and down the Yangtze River from Shanghai, stripping luckless vessels they capture.

Dix plays a captain of a Yangtze River steamer, the picture and his efforts to take a cargo of American refugees down the river to Shanghai and safety form the skeleton of the plot. River pirates, spurred on by hunger, greed and revenge, are the obstacles in his path, and he overcomes them, only after hard fighting all the way down.

Mary Brian is the American girl Dix saves. Jocelyn Lee, Charles Byer, George Irving, Arthur Hoyt, Tom Maguire, Frank Chew and Tetsu Komai appear in other important roles. More than 150 Chinese appear in the fight scenes. Luther Reed directed.

KIPLING PUBLISHING NEW GROUP OF POEMS

New York, Nov. 28.—The first of a new series of poems by Rudyard Kipling was published to-day in The Liberty Magazine. The poem, which has been copyrighted in the United States by the English author and poet, is entitled "Brazilian Sketches." It is as follows:

I had some friends—but I dreamed that they were dead—
Who used to dance with lanterns round a little boy in bed—
Green and red lanterns that waved to and fro,
And I haven't seen a firefly since ever so long ago.

I had some friends—their crowns were in the sky—
Who used to nod and whisper when a little boy went by—
As the suits began to tumble and the breezes began to blow;
And I haven't seen a cocoa palm since ever so long ago.

I had a friend—he came up from Cape Horn With a coal sack on his shoulder when a little boy was born;
Heard me learn to talk, and he helped me thrive and grow;
And I haven't seen the Southern Cross since ever so long ago.

I had a boat—I cut and let her drive, Till I found my dream was foolish, for my friends were all alive;
The cocoa palms were real and the Southern Cross true,
And the fireflies were dancing—so I danced, too.

Wolf Cub Concert

A very successful concert was held Friday night by the North Quadra Cub Pack. The Cubes themselves supplied two items to the programme: The first was a sketch entitled, "Doing Our Best for Mrs. Jenkins," and the second, a flag display. Oaklands Scout Troop put on a most amusing "Radio Sketch." The impersonation of a "carrier wave" was excellent. The programme included piano solos by Miss Lee, who kindly accompanied throughout vocal solos, "The Second Minuet" and "Break o' Day," by Miss Griffin, an Italian dance by Miss Shotbolt, bagpipe selections by Second Duncan of Oaklands Troop, and stunts by six members of St. Michael's Troop, songs by Miss W. White, a recitation and dances by Miss N. Jordan, a banjo solo by Abel Stark of Fairfield Pack, and a recitation by Cub Duncan of Oaklands Pack.

During the interval the district commissioner made an appeal for a scoutmaster to form a North Quadra Troop. The programme was ended with campfire songs by all Scouts, Cubs and Scouters present. "Akela" Spurr, "Baloo"

Where To Go To-night

Capitol—"The Drop Kick."
Columbia—"The Night Bride."
Dominion—"What Price Glory."
Playhouse—"A Million Bid."
Coliseum—"Everybody's Doing It."
Crystal Garden—Swimming and dancing.

Kewer and the pack committee are to be congratulated on the success of the performance. The ticket raffle was won by Mrs. Spurr with No. 758.

Columbia Comedy Has Marie Prevost As Brilliant Star

Bride Found Husband Making
Love to Bridesmaid; That
Starts Fun

Most modern pictures end with a marriage ceremony, but in "The Night Bride," starring Marie Prevost, which

is on view at the Columbia Theatre to-day, the procedure is reversed. Instead of ending with a wedding, the picture starts out with one.

The heroine of the story is not featured in the ceremony. Rather it is that just as the ceremony is about to begin, the bride discovers the man she is to wed making love to her sister who is one of the bridesmaids.

The humorous and thrilling complications which follow and which eventually end in a wedding, make this Metropolitan comedy one of the keenest of all Prevost starring vehicles. Harrison Ford again appears opposite the star, with Franklin Pangborn, Robert Edison and other film celebrities in the supporting roles.

F. McGrew Willis, who wrote "Up in Mabel's Room," "The Nervous Wreck," "Madam Behave" and "Charley's Aunt," supervised the production.

TEN OF AMERICA'S BEST FOOTBALL STARS MAKING DEBUT IN "THE DROP KICK"

Richard Dix With Big Supporting Cast in Greatest Film of College Life Ever Made, Playing This Week at the Capitol Theatre With Special Stage Directions

Patrons of the Capitol Theatre, beginning to-day, will have an opportunity to see the motion picture debut of the ten national college stars in support of Richard Barthelmess in "The Drop Kick," which opens to-day at the Capitol Theatre.

The ten national college stars selected were John Westwood, Princeton; Stuart Knox, Yale; Edward Karges, Northwestern; Thomas Denton, Michigan; Leland S. Wilcox, Michigan; D. C. Cassidy, Georgia Tech; John Morris, Purdue; John Stambaugh, Chicago; and Richard Clendenin, California.

"The Drop Kick" is a story of college life from a story by Katherine Brush, author of "Glitter," which ran in College Humor and was published as a sensational novel. It was adapted to the screen by Adela Rogers St. John and was narrated by Winifred Dunn. It was directed by Millard Webb and was photographed by Arthur Edson.

An exceptional cast supports Richard Barthelmess, including Barbara Kent in the feminine lead, Dorothy Revier, Albert Vaghn, Eugene Strong, Brooks Benedict, James Bradbury Jr., Hadda Hopper, George Pearce, Mayme Kelso and others. Dick Hyland, famous Stanford football star, acted as technical advisor.

On the stage at the Capitol Theatre this week the vaudeville attractions include Western and Brenda, a clever pair of artists, who will offer "Musical Logues," a series of piano and violin

solos and duets. On the same bill for this week the management have engaged the popular "Caruso of the Air," Albert MacGillivray, who appeared here at the Capitol two weeks ago. Mr. MacGillivray will present an entirely new programme, which bids fair to outclass the previous selection of songs.

PUSSYFOOTISM THEME OF PLAY

London, Nov. 28.—"Pussyfootism" forms the theme of the first play of Osbert Sitwell, the English poet, which was produced Saturday night at the Art Theatre Club. The three Sitwells themselves, Edith, Osbert and Sacheverell, appeared in the principal roles. The title of the play is "First Class Passengers Only," with a sub-title—"A Social Tragedy." The action takes place in the cocktail bar of an Atlantic liner.

Osbert Sitwell, who is thirty-five years old, is a much talked of English poet and essayist. In addition to being a poet he is a modern novelist. Recently on his return from the United States, where he spent a month or two, he declared the United States was more cultured than England and that New York was a veritable art centre.

WILL DANCE AT CITY TEMPLE FAIR

NELLIE THACKER

The committee in charge of the City Temple's Fancy Fair and Circus are highly pleased owing to the fact that they have secured the services of this talented dancer who will appear in a number of spectacular dances with eight of her pupils Thursday afternoon and evening at the Armory. Miss Thacker also consented to give an interpretation of Delibes' "Mazurka" and "Spanish Gypsy," by Dant Mowry. Miss Thacker, who is of English birth, received her early training in Victoria. Choosing dancing as a profession, she graduated last June and at present is the only graduate in Canada from the dancing department of the Cornish School of Seattle. The standard of efficiency of this internationally known institution is acknowledged everywhere.

LOVELY NUMBERS FOR MORGANA REGITAL

Metropolitan Opera Star to Sing at Royal Victoria Tomorrow

A programme of unusual beauty has been chosen for the Morgan Regital of the Metropolitan Opera Company, for her recital at the Royal Victoria Theatre to-morrow evening, under the auspices of the Ladies Musical Club. The famous contralto will be assisted by Alice Valden, pianist, who in addition to accompanying Mme. Morgana will contribute a group.

The programme in detail follows:

PART I
(a) "Vien Che Poi Sereno" (Semiramide) Gluck
(b) "Chi vuol innamorarsi" Scarlatti
(c) "Don Bo Po Cosa Sona Pao" (Marriage of Figaro) Mozart

PART II
Cavatina—"Come per me Sereno" (La Sonnambula) Paganini
PART III
(a) "Romance" La Forge
(b) "Hungarian" Macdowell
Alicia Valden.

PART IV
(a) "La Flute Enchantée" Ravel
(b) "Glutierrez et Mandolin" Saint Saens
(c) "Un Verde Praticello" Puccini
(d) "E L'Uccellino" Puccini
(e) "La Girometta" Sibella

PART V
(a) "Songs for Lovers" Deems Taylor
(b) "Ballade of Colleen" Alice Valden
(c) "Rose of Mine" Gaetano Merola
(d) "The Childflowers" Werner Josten
(e) "The Children of the Morning" Elinor R. Warren.

ST. AIDAN'S HEARS

REV. R. E. KNOWLES

Toronto Minister Gives Reminiscences of Visit Many Years Ago

St. Aidan's United Church yesterday morning gave a warm, welcome to Rev. R. E. Knowles of Toronto, when he again appeared in the pulpit he occupied for a number of years when he was still a student in college. It was during the absence for a Summer of the Rev. Dr. Donald MacRae, then the minister of St. Aidan's Presbyterian Church, that Mr. Knowles supplied the pulpit from which he spoke again to the people yesterday morning.

The present minister, Rev. M. D. McKee, an old friend of Mr. Knowles, introduced him yesterday morning, referring to the fact that all had read his works, as they are read over the English-speaking world.

Before closing Mr. Knowles devoted five or ten minutes to reminiscences of the past. He said the first funeral he ever officiated at was here, and referred feelingly to the beautiful gold watch the congregation had presented him at the end of his Summer, which he said was still ticking away faithfully. He closed with some words of the early workers in St. Aidan's, few of whom remain, and mentioned a remarkably large number by names.

Mr. Knowles was just a fortnight past twenty-one years of age when he took up his work in St. Aidan's. At the close of the service yesterday morning, Mr. and Mrs. Knowles, who was with him, spent a half hour speaking with old and new friends.

How to Tell Direction
Various Methods May Be Used, Some More Certain Than Others

When traveling in unfamiliar country, it very often becomes necessary to determine direction. Most people are able in a general sort of way to do so in the daytime by means of the sun if it is shining or at night (speaking more particularly of the modern northern hemisphere), by means of the north star.

Some people seem to possess the faculty of telling direction by means of the sun with a remarkable degree of accuracy. To those who have difficulty in this regard, the well-known method of making use of the watch in connection with the sun may be employed. This is effected by holding the watch level and pointing the hour hand at the sun and accepting the line midway between it and the figure twelve on the dial as the due south direction.

This will not give direction accurately but will be good enough for most practical purposes. The sun appears to go around the earth in a clockwise direction (to those in the northern hemisphere), making the complete circle in twenty-four hours. The hour hand of the watch makes a revolution once in twelve hours or, in other words, moves twice as fast as the sun appears to travel around the earth. The sun is due south when the hour hand of the watch is at twelve noon the working out of this simple method becomes quite apparent after a little consideration.

For two reasons this method is not absolute. One is that at twelve noon by the watch, except on four days in the year, the sun is not exactly due south but is constantly varying in its position. Another reason is that the sun does not move around the horizon on a level with the hand of the watch but slantingly, moving up in the morning and down in the afternoon. Thus it is the sun may appear to move farther during an hour near the middle of the day than during the same period of time in the morning or the evening.

At night the position of the Pole Star, or Polaris, is an infallible guide. This star may be readily picked out in the sky by using the two outer stars of Great Bear constellation, or "big dipper" as it is often called as pointers. The North Star also forms the end star of the handle of the Little Bear constellation, the "little dipper," but this cannot always be made out even when the stars are shining on account of the fact that they are of much less magnitude.

When traveling in a strange country, through the woods, etc., it often happens that one wishes to know the direction when the way is quite dark. Some people who are familiar with the woods can read the signs from the evidences of nature. Thus the southern sides of certain kinds of popular trees are commonly whiter than the northern sides, due to the action of the sun. In certain trees,

more moss will grow on the north side than on the south. Some Indians, it is claimed, can tell direction in a grassy country by the way the grass lies due to the prevailing winds.

But these methods, when one is lost or on a cloudy day in a strange district or particularly in the woods, are more likely than not to add to one's confusion. How much better would it be in this case if one were provided with a good magnetic compass and a good map of the district as well, and know how to use them both.

The Topographical Survey Department of the Interior, are engaged in the task of publishing such maps. One series, that is known as the National Topographical Series, is intended eventually to extend from one end of Canada to the other. They also have collected a great deal of information regarding the true direction of the magnetic needle, since the magnetic needle does not point true north but more or less east or west at different places. The map sheets above referred to and publications embodying the information regarding the magnetic needle are available to the public in each case at nominal cost.

of the newly incorporated association, held recently and attended largely by representatives from Up-Island points. Satisfaction was expressed by the members at the prices received through Oppenheimer Bros. and Fraser-Wood Limited of Victoria and Vancouver. By a unanimous vote this firm again secured the contract for handling the association's 1928 tomato crop.

At the conclusion of the meeting, each member, together with four new members, signed the association's contract to ship through the association all their next year's tomato crop.

The directors for the coming year are: T. J. Dempster, president; J. Hutchinson vice-president; T. J. Skelton, secretary-treasurer; auditors and members of executive, B. Parkin, Capt. Macdonald Lake and Richard Hall.

Eleven Thousand Crates of Tomatoes Sold This Season

Eleven thousand crates of tomatoes, representing one hundred and ten tons, were sold during the season through the Capital City Hothouse Tomato Growers' Association. It was learned at the first general meeting

Mr. and Mrs. D. Willson and family, from Discovery Island, are living on the Millstream Road, Highland district.

Mr. and Mrs. A. Townsend-Allen and family, who have been living at Melrose, Peatt Lane, have left to reside in Victoria.

Several Langford residents motored over to Metichon on Friday night to take part in the old time party in the hall.

Vancouver, Nov. 27.—To the accompaniment of a patter of rain in the early play and a miniature snowstorm before the finish, Varsity made a most auspicious start in the opening McKechnie Cup match of the season at Brockton Point on Saturday against Vancouver, winning by a goal and two tries to nil, 11-0. Bert Tupper, skipper of the winning side, scored two tries, while Richardson, inside three quarter, whose tackling was one of the bright spots in a good game, got the last tally.

Brentwood Rugger

Score a Close Win Over High School

Brentwood College sent the boys' team to the Victoria High School down to defeat Saturday afternoon in a Scotch Moncrief fixture. The score was 3-1. Playing on a field of mud the two teams fought a hard battle and from the first kept up as furious a pace as the field would allow. It was anyone's

Victoria took the kick in the opening period, staging attack after attack. Brentwood held firm on all occasions and making no breaks. Left High School men from scoring. On the Yellow and Black nearly made count when their skipper, Pete T. Goose, dribbled the ball over the line. But it went past the dead line as Brentwood got a twenty-five kick.

SCORED FOR COLLEGE

In the second half Pugh and M. Hewa scored for the College. The second one was converted by Appleby. In the latter part of the game the

made the high school basketball team last year. After making the five-yard line, several kicks were awarded the High School, but Petticrew was unable to make the count.

Mr. Simpson of University school refereed and the teams were: Mitchell Mathews, Appleton, Pugh, Nick Doherty, Slater; Furber, De, Pitts Greene, Simmons, Martin, Farris Field.

High School: Parrott; Turgoose, Clipp, Monk, Gault; Shaw, Gann; Phillips; Ford, Bissell, Kinsman, Kline, Borseby, Patterson and Murehead.

The practice game between the High School and University school was held at the University school grounds.

HOCKEY, BOXING TIMES SPORTING NEWS BASKETBALL, RUGBY

Teams Are Fighting Savagely In Hockey

New York Rangers and Boston Bruins Play One-goal Draw in Madison Square Garden, Before 17,000 Fans, Record for Season; Detroit Defeat the Canadiens in Very Hard Game, With "Happy" Holmes Starring; Six Games Played Over Week-end; Montreal and Rangers Led the Divisions

Montreal Maroons to-day were the new leaders of the Canadian section of the National Hockey League, with Ottawa and the climbing Maple Leafs, of Toronto, tied for second position. Canadiens are running fourth and New York Americans, with their first victories of the season under their belts, in last place, are within three points of the Canadiens. The Maroons and Maple Leafs moved up when Ottawa and Canadiens sustained defeats over the week-end.

Teams in the American section are clutching for the Rangers' leadership, but the section is merely tightened up.

Pittsburgh Pirates have the dubious distinction of being the only team that has not won a game this season.

DETROIT MOVE UP FAST

Detroit with a win and a tie advanced faster than any other team in the week-end games, while Boston and Chicago scored one point gains in the standings.

Montreal Maroons went into the leadership after a grueling struggle on Saturday with the Senators of Ottawa, winning when Stewart scored the only goal of the game. Twenty thousand fans saw the teams clash in the vigorous offensive, but the Maroons' superior combination told.

New York, Nov. 28.—New York Rangers held first place in the N.H.L. by tying 1-1 with the Boston Bruins, after ten minutes overtime play last night. Over 17,000 persons, the largest crowd of the season, saw the game.

Herberts gave Boston the lead in the second period with a clever shot. Bourgaunt substitute defence man, taking the place of Taffy Abel, tied the count for the Rangers late in the third season.

The Rangers' offensive threatened frequently in the overtime period. It was a very rough game with Johnson and Bill Cook, of the Rangers, each drawing a major and minor penalty.

SUMMARY

First period—No score.
Second period—1, Herberts, Boston, 5.48.
Third period—2, Rangers, Bourgaunt, 10.16.

PENALTIES

First period—Johnson, Gaimor, Conners (major), shore (3).
Second period—Johnson (major), Bill Cook, Oliver, Gray, Herberts (minor and three minutes for talking back to referee), Galbraith.

Third period—Bill Cook (major), Johnson.

Detroit, Nov. 28.—The Detroit Cougars, playing without the aid of Duke Keats, stellar centre man who was withheld from the game pending action on his alleged attack on a spectator in a game at Chicago on Saturday night, defeated the St. Catharines, of Montreal, by a 2-0 score here last night.

The "flying Frenchman," employing their rushing attack throughout the game, were unable to beat "Happy" Holmes, Detroit's goalie, who stopped the puck from all angles to blank the Canadians.

The play was fast throughout, only seven minor penalties being meted out by the referees.

Montreal, Nov. 28.—Montreal Maroons won a doggedly fought N.H.L. game here Saturday night from the Ottawa Senators by one goal to nil. Fans numbering 12,500 saw the teams depart from the defensive games they have played with each other in the past.

Maroons scored early in the game and managed to cling to the margin in spite of strenuous efforts of the Senators to tie it up.

Pittsburgh, Pa., Nov. 28.—The Maple Leaf sextette of Toronto swooped down on Pittsburgh Saturday evening to nose out the Pirates in a sparkling overtime N.H.L. clash by a 2-1 margin.

The Pittsburghers struck master in the sharp shooting of Bailey, spectacular Left right wing, who registered both goals. The first one of the series from "Cotton" and the second of a flashy individual attempt that ended the tussle after 44 seconds of tilting in go.

Breaks a Bone

DUNC MUNRO

Montreal, Nov. 28.—Captain Dunc Munro will be out of hockey for ten days or more as a result of a broken bone in his left hand. Munro injured his hand near the finish of the Maroon-Ottawa game Saturday when he collided with Alex Smith in a rush after carrying the puck away from the Montreal goal to safe territory. An x-ray 16-day disclosed a break in one of the small bones of the hand.

ROUGH-RIDERS NOW WISH GAME WITH BEACHERS

Western Rugby Champions Send Wires For Games With Eastern Winners

Toronto, Nov. 28.—Still too much elated over their spectacular victory scored against the Hamilton Tigers Saturday for the Canadian rugby football championship and the Earl Grey trophy, to consider the offers they have received, officials of the Balmy Beach Football Club are uncertain as to whether the football season would be continued by them for another week.

Stan Reid, manager of the Beachers, has received wires from the Regina Rough Riders, champions of Western Canada, and from the Kitchener Panthers, Canadian intermediate champions, asking for games next Saturday. The game, if played with the latter club, will only be an exhibition affair. If Regina does come east to play, the game will be for the dominion championship.

The Cougarettes and Cardinals, two fast ladies' teams, have been granted a place on to-night's card and will meet in an exhibition game. Last week the Cardinals hung up a 2-1 victory over their rivals.

The feature game will be between Bapcos and U.C.T. Last week the Travelers sent the Garrison down to defeat and are now after the league leaders.

The Rink Rats will take on the International Engineering School in the opening game. This should be a good battle as both clubs have strong line-ups.

Plimley & Ritchie and the Garrison will provide the opposition in the third fixture. The Garrison will trot out a fast team in an effort to chalk up their first victory while the bicyclists are confident of putting two points in the win column.

The teams will be as follows:

Rink Rats—Symons, Kirby, Benwell, Spouse, Bates, Smart, Symons, Griffin and Pomeroy.

International Engineering Schools—Massey, McKay, Murray, Givens, Multhead, Blaquiere, Simpson and Bayliss.

United Commercial Travelers—Hunter, Wilson, Radford, Newcombe, Hicks, Gelling, Nicholson and Humberstone.

Bapco—Westland, Baldwin, Sparks, Penney, McKenzie, McPhee, Unwin, Lawton and Bleasdale.

Garrison—Allen, Malone, Charters, Wyse, Conroy, Martin, Maidwell, Wilson and Pepin.

Plimley & Ritchie—Noel, Russell, Smith, Savannah, Staples, Locke, Davidson, Tyrell and Davis.

The sudden death session. Drury scored for Pittsburgh.

Boston, Nov. 28.—The New York Americans defeated Boston Bruins 4-3 in an N.H.L. game here last night. Boucher scored the winning goal after 45 seconds overtime play.

The game was won and lost on penalties, all but one of the goals being scored when one or more of the opposing team were gracing the penalty box.

Chicago, Nov. 28.—The Chicago Black Hawks and Detroit Cougars battled each other to a standstill here last night in their National Hockey League game, the game ending in a scoreless tie.

Detroit, Nov. 28.—Detroit Olympics revealed flashes of form in defeating Toronto Ravens here last night 3-2 in an N.H.L. game.

Minneapolis, Nov. 28.—Minneapolis made a clean sweep of the two-game series with the Chicago Blackhawks.

The Pittsburghers struck master in the sharp shooting of Bailey, spectacular Left right wing, who registered both goals. The first one of the series from "Cotton" and the second of a flashy individual attempt that ended the tussle after 44 seconds of tilting in go.

Any graduates of Dalhousie University who are interested in the ranks of world title contenders will be determined to-night when Freighy, of the Dalhousie team, is scheduled to meet the champion, Fred Jarvis, English champion, in a bout for the world's flyweight championship.

The fight is under the auspices of the National Boxing Association.

Both boys were at title weight last night and are in the best of condition.

Newcastle's Reverse Aids Everton's Fight

Tynesiders Go Under Before 35,000 Fans at Leicester; Everton Now Have Clean Lead in First Division; Usual Slaughter of Innocents Witnessed in the English Cup Ties; Foggy Weather Ruins Many Games; Three Players Perform "Hat Trick"

London, Nov. 28.—Foggy weather interfered with a number of soccer matches in England Saturday. One of the important fixtures affected was the match at Highbury between Arsenal and Tottenham Hotspurs, which was postponed. Several matches in the first round of the English Football Association Cup were either postponed or abandoned.

The feature match in the English First Division turned out to be that between Newcastle United and Leicester City at Leicester. The defeat of the Tynesiders was witnessed by 35,000 fans. The loss put Everton into a clean lead in the averages over Newcastle as Everton won a fine struggle at Bury by the narrow margin of one goal. Leicester City very materially improved their position in the standing by their win.

Harper, a centre forward transferred to The Wednesday from Blackburn Rovers, performed the hat trick against Derby County.

CHELSEA WELL TESTED

Chelsea, who have been having things all their own way in the Second Division for many weeks, had to work hard to stave off defeat at Port Vale. A one-all score resulted. Chelsea are still well out in front in the averages.

Both Roberts, of Preston North End, and Hampson, of Blackpool, did the hat trick in Second Division matches on Saturday.

In the Scottish First Division, the league leaders, Rangers, easily disposed of the lowly Clyde. They now hold a one-point lead over the runners-up, Motherwell.

London, Nov. 28. (Canadian Press Cable).—The first round proper in the English Football Association Cup ties on Saturday was productive of the usual slaughter of the innocents. The most notable victim was Leyton, holders of the Amateur Cup, who were annihilated by Northampton by eight goals to nil. For Northampton, Looney and Hosen scored three goals apiece in the first half. One unexpected victory was that of London Calcedonians over North Fletch United, the latter team being the nursery club for the Tottenham Hotspurs, the English First Division team.

Several well known former Spur players were on the United line-up.

Americans To Send Lacrosse Team To Amsterdam Olympiad

New York, Nov. 28.—With lacrosse added to the Olympic Games at Amsterdam in 1928 for the first time in the history of the international sports meeting, the United States is assured a team representative chosen by the United States Intercollegiate Lacrosse Association.

At the twenty-third annual meeting of the association, held here, it was decided to choose either an all-star team or a team representing the country or name in its entirety the team that ranks first at the close of the coming season's competition. Secretary Edward Barber, of Harvard, announced to-day.

Canada, Great Britain, Ireland and possibly Australia will enter teams in the Olympic competition.

California Sad After Defeat of Its Prize Team

113,000 Spectators See Southern California Beaten By Notre Dame

Chicago, Nov. 28.—All California is sad and despondent. The Trojans from the University of Southern California, coming out of the west undefeated, lost a heart-breaking one-point football game to Notre Dame of the Fighting Irish.

The game, which drew 113,000 spectators, the greatest throng that ever witnessed a gridiron struggle in America.

Both teams scored in the first period, but the Trojans, after a sensational open field running and terrific line smashing, Capt. Morley Drury, of the Trojans, tossed the pass to Saunders for California's marker, but his attempt to kick a goal was blocked, costing the Trojans the tie.

After California scored, Notre Dame came back with Riley tossing the twenty-eight yard pass to Dahman, who caught the ball and kicked California's goal line. Dahman then stepped out and kicked the extra point for the victory.

Chicago, Nov. 27.—Benny Friedman's passes made the Chicago Cardinals dizzy yesterday, and the Cleveland Bulldogs won 32-7 in a National Football League game.

The third quarter went to Tigers by a goodly margin and the fourth was about even. The Tigers might be said to have had an edge in the last period but it was not sufficient to allow them to score.

LEADLY HELD IN CHECK
"Pep" Leadley, who had drop-kicked the Bengals through to the inter-provincial championship and a victory over Queen's, was most effectively bottled up by the Toronto outfit. During the whole afternoon he had but two chances to attempt a field goal. He kicked 120 scrimmage on the first try and his second attempt, from the Beachers' thirty-five-yard strip, with but a few minutes playing time left, would have tied the score, but the ball failed to reach the uprights by about five yards and Foster ran it out of danger.

Notwithstanding the fact that Leadley and "Yip" Foster, acknowledged to be two of the best backfielders in Canada, were playing, "Red" Moore, who partnered Foster on the Beachers' back division, was the outstanding star of the tussle. He played the entire sixty minutes and his exhibition left nothing to be desired.

Dalhousie Grads Are Wanted by Rugby U.

Any graduates of Dalhousie University who are interested in the ranks of world title contenders will be determined to-night when Freighy, of the Dalhousie team, is scheduled to meet the champion, Fred Jarvis, English champion, in a bout for the world's flyweight championship.

The fight is under the auspices of the National Boxing Association.

Both boys were at title weight last night and are in the best of condition.

Los Angeles, Nov. 28.—George Souders won the feature event of the Ascot Speedway automobile races yesterday, his car, a 1927 Buick, leading by inches in the twenty-five lap grind. The races marked the reopening of the dirt track under A.A.A. sanction by Harlan Fongler, former race driver.

Leon Durray, veteran French racer, took third place. Souders' drive was 12 minutes 25.2 seconds.

The semi-final race over ten laps, also was won by Souders, with Babe Stapp coming in second.

New York, Nov. 28.—A sensational sport in the third period when Capt. Harry Wilson scored two touch downs, enabled the Army to conquer the Navy 14-9, Saturday before a crowd of 76,000.

The midshipmen came back to score one touchdown in the final period, but were stopped in another drive by the final whistle.

Argentine Soccer Eleven Wins Title In South America

Lima, Peru, Nov. 28.—Argentina's crack team won the amateur football championship of South America yesterday, defeating Peru 2-1.

Argentina will hold the championship for two years since no other team has been able to win it because of the Olympics.

Members of the district council of the Junior Football Association, together with a delegates from each county football club, are requested to attend a meeting in the Y.M.C.A. Tuesday at 8 p.m. Matters vital to each club will be brought forward, and clubs are requested that entries for the junior cup, together with fees, must be in the hand of the secretary on the above date.

LUCKY GOAL TURNS TIDE FOR THISTLES

Score 6-2 Victory Over Five C's in Preliminary Round of Province Cup Series

Soft Goal in First Half 'Break' of Game After Five C's Had Edge on Play

Sanich Thistles advanced into the second round of the Province Cup series on Saturday afternoon by sending the Five C's down to a 6-2 defeat at the Royal Athletic Park. The game was far better than the score denotes, the Five C's displaying splendid form in the early stages of the game. The cup-tie, witnessed by a large crowd of fans, was fast all the way.

In the first half the Five C's had all the play for the first twenty minutes, but their forwards lacked the finish necessary to get goals. Their line played fine combination but the centre men were lacking when it came to shooting on goal.

Five C's MISSED CHANCES
Soon after the kick-off the Five C's had two fine chances to score. Groves and Sutton getting in close, but the former's shot was saved by Hetherington, while Sutton drove the ball over the bar. Hood, who played a splendid game for the Five C's at centre-half, drove in a brilliant shot that just grazed the bar. Owing to outside right nearly beat Hetherington, the goalie, just reaching the ball to punch it out of his net.

BREAK OF GAME
The break of the game came when the Thistles got their first goal which should have been saved easily by Tuckwell. After a combined rush on the Five C's goal, Tuckwell took a goal kick and Joe Nichol, the Thistles' centre-half, getting the ball drove a low shot at the goal from a little past centre, the goalie let the ball slip through his hands into the net. This seemed to dishearten the Five C's, while it gave new life to the Thistles.

The Sanich eleven continued to press and their second goal came after a free kick by Joe Nichol. The centre-half drove a shot right on goal and Tuckwell fisted it out, but Crowe again got the ball and hit the post, the ball bouncing back onto Ewing's foot who drove it into the net.

For the remainder of the half the Thistles were on the attack, but the Five C's defence prevented any further score.

FAVORED THISTLES
Play in the second half favored the Thistles, although the Five C's were dangerous at times with their fast rushes. The Five C's scored their first goal early in the second half, when Hood drove in a long shot that Hetherington fumbled and Sutton rushed in to plant the leather in the net.

The Thistles' third goal came rather as a gift. During pressure on the Five C's goal Linesman Oliver waved his handkerchief for a foul against the Thistles, but the referee disregarded the linesman and a few seconds later awarded a foul against the Five C's. Crowe took the kick and dropped the ball into the goal.

The Thistles' fourth goal came when Tuckwell in attempting to punch the ball out knocked it against one of his own backs into the net.

BURNS GETS ONE
Burns was responsible for the Thistles' fourth goal, heading Phillips' cross into the net. Sam Esler made it 5-1 when he banged Burns' pass past Tuckwell.

The Thistles' sixth and final goal came from the boot of Cummings, who converted Phillips' perfect centre.

In the last few minutes of the game the Five C's took up the attack and Ewing Quinlan scored their second goal from close quarters.

For the winners Harper, Joe Crowe, Burns and Phillips played good football, while Hosen, Sutton and Groves were the pick of the Five C's.

Souders refereed and the teams were as follows:

Sanich Thistles—Hetherington, Kennedy, Harper, Gandy, Joe Crowe, Miller, Phillips, Cummings, Burns, Esler and Ewing.

Five C's—Tuckwell, White, Viggers, Robt. Shank, Hood, Harwood, Groves, Sutton, Eric Quinlan, Eden Quinlan and F. Viggers.

Results in the second round of the Calcutta foursomes at the Victoria Golf Club were as follows:

A. E. Haynes and L. C. Boyd defeated J. V. Sorenson and H. E. Beasley 14 up.

Dr. J. D. Hunter and J. W. Morris defeated A. V. Price and Roy Haidley 3 and 2.

W. Pemberton and A. D. Crease defeated Dr. Barrett and R. Baird 1½ and 1.

A. H. Ford and H. E. Hunninges defeated Harold Wilson and A. G. Bolton 3½ and 3.

Art Beasley and H. A. Tomalin defeated Ernie Todd and E. U. Reid 4 and 3.

Comte Suzanne and Jimmy Hunter defeated H. J. Davis and Atwell King 4 and 2.

A. T. Goward and General Money defeated R. W. Gibson and R. Murgreave 2½ and 2.

Harold Haynes and J. C. Barnacle defeated J. W. Wilson and Dr. Garesche 3½ and 3.

RITOLA A WINNER
New York, Nov. 28.—Willie Ritola, deep-chested distance ace of Finland's Olympic team, sped over the six miles of the Van Cortlandt Park cross country course to his fifth, national center A.A.U. championship Saturday, but the Finnish monopoly of team honors was broken for the first time in six years.

Claims Records

ARNE BORG

Stockholm, Sweden, Nov. 28.—Arne Borg, Illinois A.C., swam 300 meters yesterday in the announced time of 3 minutes 28.1 seconds. He covered the 300 yards in 3 minutes 10.2 seconds. Both are claimed as world records.

United States, holds both the 300 meters and 300 yards world records in 3.35 3-5 and 3.15 3-5 respectively.)

HOW THEY STAND
Played. Won. Lost. Pla.
United Services..... 2 1 4
J.B.A.A..... 3 2 1 4
Canadian Scots..... 2 1 1 2
Pirates..... 2 0 2 0

HARD TO HANDLE
The ball was slippery and the field was a bog within five minutes after the commencement of the Scottish Services, fighting in spite of the impediments to fast backfield play, the two teams executed some spectacular performances. Particularly was the work of the Scottish back line noteworthy.

The opposing forward packs were on about an equal footing, except that the Services carried a little more bulk on the average. The Scots made up for that by their energetic play in the loose.

The Scottish pressed with the whistle. Putnam, however, ran out a punt and gained the twenty-five yard line, threatening the Regiment not a little. The Scottish went back with the wind in their faces, fighting the Army and Navy combined forward strength into neutral ground. There Oliver slipped up the blind wing for a long gain. Forward rushes brought the services back into Scottish territory after five minutes later and the ball was dribbled over the Regiment's line. Attempting a save, Stanger plunged in front of a runner and sent him flying. The Services claimed a penalty try.

SCOTTISH POINTS
Although the try was not allowed, they scored on the kick they were awarded and took the lead, 3-0.

The Scottish evened the score when they sent Henderson flying through after five men had handled the ball out from the scrum. Wenman added points on the kick. There the score stayed until full time, although the teams fought desperately in the second half.

For the Services Adams, Putnam and McDougall played strong games. Travis, Wenman and Oliver deserve particular mention for the Scottish.

The teams were as follows:
United Services—McIntyre, McInnes, Roy, Putnam, Lewis, Adams, Creery, Curtis, Nixon, Swinman, McDougall, Hall, Le, Baker and Unwin.

Sixteenth Canadian Scottish—Stanger, Oliver, Shaw, Henderson, Radford, Wenman, Pollard, Quinn, Russell, Hewell, D'Arcy, Godwin, Gilling, McGivern and Travis.

RAYNS TOO GOOD
Meanwhile the Rays were thundering through the Pirates' thirteen-man team at the Willows. The teams were well matched until the end of the first half and part of the second.

Then it was that Peden, giant forward of the Rays' pack, scudded out of the loose, scooped the ball to him and floundered through all opposition to dash over for the first points. Even then, though shaken and tired, the Pirates fought stubbornly.

Jack "Bull" McDonald tore through the J.B.A.A. on a brilliant solo effort, driving a hole through the Pirates' now staggering line and diving into the grass behind the goal posts. The kick failed.

Walls and Caviness instituted a pretty piece of play when the latter got possession, traveled fifty yards, passed to Walls and let the latter score. Peden scored a second time just at the whistle and there was no time to kick.

McMillan scored three more points on a penalty drop kick after Peden's first try.

The J.B.A.A. was a superior team, with a smooth-working backfield, but the Pirates were a tough and stubborn opposition. With full strength they would have given the oarsmen more of a battle.

The teams lined up as follows:
J.B.A.A.—Frampton, McMillan, McLean, Caviness, McMillan, Smith, McLean, McDonald, Peden, Buss, Moss, Steve Brynjolfsson, Buller, Dawson and Macdonald.

Pirates—Hunter, P. Parfitt, Despecter, Randall, McCallum, H. Parfitt, G. McRae, Penderay, Henley, D. Parfitt, Hall, McEwan and Willoughby.

On Saturday night the newly-formed Anglican Athletic Association held on the grounds of the Memorial Hall various competitive events were staged with keen competition prevailing.

In the girls' basketball game St. John's defeated St. Mary's 15-7.

The boys' relay race was won by the Cathedral team composed of G. Fraser, D. McCollough, I. Prior and J. Petch.

The girls' relay race was captured by St. Mary's team composed of J. McMillan, R. Watson and F. McNeill.

The Christ Church Cathedral team captured the honors in the boys' basketball game, defeating St. John's 16-7.

An exhibition of badminton was given by players representing the A.A.A. Badminton Club.

ELIMINATION OF SOOKE SALMON TRAPPS SOUGHT

Fishermen at New Westminster Meeting Seek Abolishment; Seine Net Increase

Elimination of Aliens More Governmental Policy Than Department Problem

New Westminster, Nov. 28.—Use of seine nets in the salmon fishing of the coast had reached serious proportions, an increase of 400 per cent being recorded, according to a discussion of the problem between government fishery officials and fishermen Saturday night. The addition closed periods this season, said Major J. A. Motherwell, chief inspector for the province, had been due to the increased use of seine nets. He said that in areas where it was found gill nets could be used, seines were being prohibited.

ALIEN FISHERMEN
The question of elimination of aliens from the fishing industry and only permitting British subjects to have licenses was under discussion. W. H. Found said this was more a governmental policy than a departmental question and one which affected other industries. Immigrants were wanted in Canada and opportunities of employment had to be afforded them after their arrival, he pointed out.

Removal of the restriction whereby fishing above the Fraser River bridge was confined to residents of that area only was urged by the fishermen. They contended that in the forty miles between the New Westminster and Mission Bridge, there were only 100 to 140 boats.

LOWER BOATS HAMPERED

In the seventeen miles of unrestricted river from the New Westminster to the mouth there were 900 boats. The latter were hampered by deep sea shipping, wing dams and other river navigation aids.

Mr. Found pointed out that the restriction above the bridge was done to protect the industry. He asked the fishermen to assist in carrying out this and other regulations. Major Motherwell stated that greater co-operation had been received this year from the fishermen's association than ever before.

SOOKE TRAPS

Elimination of the salmon traps at Sooke was also sought by the fishermen.

Mr. Found suggested that the coast should be divided into various areas and licenses granted for each. This will be discussed at a meeting of the association.

Another suggestion from the director-general that transfer of fish from one area to another should be prohibited, was opposed by the fishermen. Improvement to the Bridge River canyon by the construction of a fish ladder had been completed, said Mr. Found. He could make no definite statement with regard to Hella Gate on the Fraser River. Engineers were working on this problem endeavoring to find a solution.

Entire Hull of Tenpaisan Maru Now Opened Up

Aberdeen, Wash., Nov. 28.—Little damage was done when the Tenpaisan Maru first grounded north of Grays Harbor on the sands of Copala Beach, but the pounding sea have opened up the vessel's bottom for almost her entire length, and the sand underneath is the only thing that prevents the engines from dropping out. The 2,638-ton freighter, locked in on all sides by a sandbar, has sunk down ten feet.

C.P.R. Conductor Dies Following Limb Amputation

North Bay, Ont., Nov. 28.—Conductor J. Liden, who had his right foot and right hand amputated as the result of an accident in the Canadian Pacific yards at Mattawa two weeks ago, died in hospital last night here.

SHIP-WORKERS IN CANTON ARRESTED FOLLOWING RIOTS

Canton, China, Nov. 28.—A serious riot was staged in the native quarter of Canton Sunday morning by striking anti-British ship workers following the cutting-off of food supplies by Government authorities. Several bombs were thrown by the rioters and twenty or more fires were started. Numerous persons were injured before the strikers were curbed by wholesale arrests and confinement by the military guard.

CREW SAVED AS FREIGHTER SINKS

Ss. Rose Murphy Lost in Battle With Sea; Submarine Morse is Safe

Key West, Fla., Nov. 28.—After a six-hour battle to stem a rush of water through the torn plates in her bottom, the freighter Rose Murphy sank in the Gulf Stream twenty-two miles from here yesterday. Her crew of twenty-seven was saved.

Marseilles, Nov. 28.—The French submarine Morse, which flashed distress signals Saturday night, when trouble developed in her rudder midway between Marcella and Majorca Island, is safe, said reports received yesterday. The submarine is in tow of a cable layer, and is headed for Palma, where naval tugs have been ordered to pick her up.

New York, Nov. 28.—All passengers have been taken off the Ward Line Mexico, which went aground Friday on a reef a mile and a half from the harbor entrance to Vera Cruz. Tugs are trying to float the vessel.

MORE TRAVELING BY MONTREAL ROUTE

Quebec, Nov. 28.—Substantial increases were recorded during the 1927 season of transatlantic passenger travel on the St. Lawrence route. The Montreal route was the most popular, with 107,241 last year, an increase of 11,074. There was also an important increase in the number of liners arriving at the port, these totaling 165 in comparison with 147 in 1926. An increase of approximately 200 per cent. in third cabin tourist total carries in this season was recorded, compared with 6,390 last year.

Sugar Rate Will Be Investigated

Washington, Nov. 28.—A rate increase on sugar from California points to Portland, Ore., which the railroad proposed to make effective Monday, was ordered held in abeyance Saturday by the Interstate Commerce Commission, and a preliminary investigation into the contemplated rate change will be made.

The present sugar rate from San Francisco to Portland is 17 1/2 cents per 100 pounds, while the new schedule proposed is 20 cents, while from Tracy, Calif., to Portland an increase from 18 1/2 cents to 20 cents was contemplated, these changes illustrating the effect of the new schedule in its entirety.

NOORDERDYK HERE WEDNESDAY FROM UNITED KINGDOM

According to word received by A. P. Moffat, local agent, the Holland-America liner Noorderdyk will arrive here from the United Kingdom and Europe Wednesday morning. The vessel is nearly two weeks behind her schedule. She left San Francisco at 7 o'clock last night direct for this port, Mr. Moffat is advised. She will discharge about 150 tons of general cargo at Rithet's piers.

NEW C.P.R. HOTEL PLANNED FOR HALIFAX

An architect's conception of the Lord Nelson Hotel to be erected at Halifax within a year's time.

Wide interest has been created by the recent announcement that Halifax is to be provided with one of the finest hotels in the Dominion. The project met with instant approval and financial backing, those materially interested realizing the city's need for such an institution in view of Nova Scotia's historic, scenic and recreational advantages.

The new Lord Nelson Hotel, as it will be known, is solidly supported on a business basis, as well as on the

grounds of civic pride, is shrouded by the fact that a half interest in the project has been obtained by the Canadian Pacific Railway Company, whose hotels are notable among the leading chains. This company will direct to large extent the management of the new hotel. According to E. W. Beatty, chairman and president of the Canadian Pacific, the present condition in Halifax and the province of Nova Scotia, in every way justify the building of the Lord Nelson.

The location of the Lord Nelson is one of the outstanding features of the new venture. It directly fronts the famous Public Gardens, the pride of the residents of Halifax. These gardens cover many acres and are located in the heart of the city, on the corners of Spring Garden Road and South Park Street. Around this paradise of flowers, radiate the Northwest Arm with the celebrated Wagonway Club, Point Pleasant Park, the station, harbor and business district of the city.

PACIFIC STORMS DELAYING TWO ORIENT VESSELS NOW ON WAY HERE WITH ORANGES

Seasonal storms raging in the Pacific Ocean have considerably delayed vessels now on the way to this port from the Orient. A H. Hebb, local agent for the Nippon Yusen Kaisha, reports the Kaga Maru, due here to-morrow from Japan, will be three days behind her schedule, arriving Friday morning. Heavy weather accounts for the delay. The Blue Funnel liner Proteus, also due to-morrow, will probably not arrive until sometime Tuesday. According to wireless positions received from the vessel she was approximately 1,277 miles away last evening, and is making about 300 miles per day. Both vessels have aboard shipments of Japanese oranges for Victoria, the Proteus bringing the largest quantity. The Blue Funnel has 7,000 bundles or 14,000 boxes in her holds for this city, the first shipment of the season to arrive. She also has general cargo for discharge here and several Chinese passengers. There is a large amount of Japanese oranges in her cargo for Eastern Canada. The Kaga Maru has six passengers for Victoria, including one cabin passenger. Her freight for this port totals 100 tons of general and thirty-five bales of raw silk. Among the general cargo is a shipment of 101 bundles of Japanese oranges.

LUMBER PRODUCERS LOOK FOR FIRMER SPRING PRICES; MILLS CLOSE, LOGS SCARCER

Seattle, Nov. 28.—Improved commodity prices, like the truth, percolate slowly, especially where they have been permeated for prolonged periods with even breaks to loss. Even the mills, most to benefit by a revival of profits of other days, are frequently last to sense the change. However, there are numerous symptoms of a slow improvement radiating around the December slowdown which, according to leading lumber authorities, bids fair to go to greater lengths than at any time in twenty-five years.

Low prices have prevailed for so long that sales resistance to a general slowdown is weak. The last sixty days of most years over a period of time are quiet, with production running ahead of the demand from week to week. There is more of a determination on the part of the mills acting individually to make the slowdown of import than has been the case in the past, and they seem to have plenty of support in this effort. In the first place, logs at this time of year are abnormally scarce. Many of the loggers are bailing for a dollar up on fir. Few mills during the past ninety days have escaped shopping around to get necessary raw products, and it has frequently

happened that plants were idle while rafts were being towed into the unloading grounds. Loggers were stampeded on March 6 last into shading a dollar off fir logs, and those who first lowered prices are now eager to restore them.

RAILWAYS IN MARKET

Probably the most striking change in all the large divisions is the closing of the railways towards lumber. For the past two weeks many of the American lines have been preparing schedules for the Spring work and considerable business has already come through. It will not be the purpose of these buyers to throw their requirements into the market in a block for fear of the effect on prices, but purchases from 50 to 60 per cent behind normal for the year. It is felt certain that there is a good steady line of orders to the office.

Intercoastal, representing the second largest lumber buying division in the world, is very active, and the sole reason for limited Spring placements lies in the fact that its buyers want to do business on a tonnage basis, a basis of which no longer exists. By clearing port with part cargo for several weeks, intercoastal lines have been able to steady and sustain the rate at \$14 Atlantic buyers who need lumber will make headway in reconciling themselves to \$14, as all but one of the rate-cutting attempts have been taken. Cargo mills are piling up intercoastal lumber rather than sell at the market at \$2 under the early Summer price, confident that eastern buyers will see the slow but general upward price drift.

CALIFORNIA EASY

California is on a transit diet and will so continue to the end of the year. It is expected that the volume of uncut lumber will increase during the last week of December for January business, but prices will consequently be easy. The controversy over No. 3 common is not yet terminated. California will continue to buy this sizeable lumber, but insists that the mills so mark it in order to prevent price-cutting by yards that "mark" it up.

Japan is countering with lower prices, an indication of continued interest, but the volume of sales was light for the week. Europe is still very active for thin clear, with little thick clear business in the market. Australia is buying lumber at very low prices.

Ocean future freights are firming, with nearly all lines quoting higher for January-February. Japanese and Chinese space is sold out for December, and the rate at \$14.50. The ocean space outlook is the brightest it has been for ninety days.

There is very little rail trade. Rail mills not that busy, but for shipment at current prices. Order files are scant. It is reported from the Middle West that December business for January loading will be active. The log market is firm on fir at \$12, \$14 and \$24. There are fewer logs in the water at this time of the year than for any previous period since 1917. Many of the millmen look around for logs, where previously they were plentiful. Hemlock is now at \$11 and \$13, due to the decrease of Japanese bay squares and Atlantic 2-in. 8-8 common. Fewer than five women in every 10,000 ever reach 100 years of age.

Northern Fishermen Showed Fine Unanimity On Question Of Depletion Says Babcock

John F. Babcock, chairman of the International Fisheries Commission, has returned from Ketchikan, Alaska, and Prince Rupert, where the commission held public conferences with those engaged in the halibut fisheries.

"The meetings in Ketchikan and Prince Rupert," Mr. Babcock stated, "were of the most satisfactory character. They were both well attended and entirely harmonious. They were attended not only by the vessel owners, captains and fishermen in the vicinity, but by many merchants and others who are interested in the second greatest fishery on the Pacific Coast. At these meetings the commission submitted a vast amount of statistical and biological data which showed the past and present condition of the fishery and many important facts in the life-history of the halibut. Mr. Thompson, the director of our investigations, spoke at length on each phase of the work and submitted tabulated graphs and diagrams to show the depletion that has taken place on all the banks, as well as graphs relating to migration and racial characteristics. Following his statements, the fishermen in the vicinity stood and expressed their views and the measures which they deemed necessary to arrest depletion—which they all recognized."

CLOSED SEASON EXTENSION

"After hearing from all who desired to give evidence a vote was taken on the various points raised during the discussions. At both meetings it was

voted unanimously that the present close season should be maintained. At the Ketchikan meeting it was voted unanimously that the present close season be extended two weeks at each end—November 1 to the end of February. In Prince Rupert only two votes were recorded against such extension of the present close season, and at both meetings it was unanimously voted to recommend prohibiting fishing on the "baby" and "chicken" halibut banks, —banks where the population consists largely of baby and chicken halibut."

"In my forty odd years of fishery investigation I have not found such unanimity of opinion by those actually engaged in fishing. To a man they recognize that serious depletion has taken place and they advocate that drastic measures should be taken to arrest it. They voluntarily advocated the adoption of measures that would materially decrease the extent of their efforts and their returns. It is a great satisfaction to find that the commission's work is so universally supported by the northern fishermen."

"While in Ketchikan we received a communication from halibut fishermen of Petersburg, Alaska, recommending the continuance of the present close season, and the closing of the Cape Adington and Timbered Island banks in Alaska, which they declare contain only baby and chicken halibut."

"The commission will hold a public meeting in Vancouver on November 28 and in Seattle December 1, in order to hear from the fishermen, vessel-owners and captains who spend the winter in the south."

Ladner Ferry Rescues Fraser Duck Hunters

Vancouver, Nov. 28.—A thrilling rescue was witnessed by passengers aboard the Ladner ferry Sunday at 6 p.m. when C. West and Thomas Bullen, 300 block Fifteenth Avenue West, were saved from drowning in the Fraser River.

West and Bullen were shooting ducks from one-man punts when they drifted some distance from shore and Bullen got into difficulties with his boat. West went to his companion's rescue and was losing a battle to save the half-submerged craft when the Ladner ferry hove into the vicinity.

Hearing the shouts of the two men, Mate Bennett, of the ferry, manned a boat and went to the rescue of the men while a searchlight from the ferry played on the doomed craft.

Bullen in a half-drowned and exhausted condition, and West were taken on the rescuing boat and rowed to the ferry, where first aid measures were applied. When the ferry landed Bullen was removed to a hospital and West taken to his home.

New Italian Treaty Pleases Albanians

Tirana, Albania, Nov. 28.—Great popular rejoicing marked the ratification by the Chamber of Deputies of the Italo-Albanian defensive pact. A big crowd gathered before the Palace of President Ahmed Zogu and acclaimed him for what the semi-official news bureau terms "the great accomplishment for the pacific development of his people."

Other demonstrations occurred before the House of Parliament, the Ministry of Foreign Affairs and the Italian legation, various speakers declaring enthusiastically with the friendship between Italy and Albania.

Surgeon of Vienna Works in New York

New York, Nov. 28.—Dr. Adolf Lorenz, renowned Viennese surgeon, arrived here yesterday on the North German liner Dresden, accompanied by his son and daughter-in-law, Dr. and Mrs. Albert Lorenz. They will open a practice in New York for six months.

CROSSWORD PUZZLE

HORIZONTAL

- Who preceded Viscount Willingdon as the Governor-General of Canada?
- Eucharist vessel.
- Who was the founder of Christian Science?
- Anything made of bronze or copper.
- To breathe loudly in sleep.
- Islet.
- Sun god.
- What was Jean Francois Millet by profession?
- Half an em.
- Guided.
- What Governor of Virginia was called "Light-Horse Harry"?
- Region.
- Constellation.
- Plot of ground.
- To decay.
- To consecrate.
- Turkish cap.
- To accomplish.
- Struggles with the waves.
- Second note in scale.

Solution of Saturday's Puzzle

- The male parent of a horse.
- What Australian operatic soprano sang for several seasons with the Metropolitan Opera Company?
- What city is the capital of Canada?
- Characteristics.
- Long grass.
- Wrath.
- Type of canoe.
- Upper human limb.
- Which of the Ohio born presidents of the United States was the first to take office?
- To perish.

VERTICAL

- Who is the president of the American Baseball League?
- Affirmative vote.
- What is the appreciation for Nova Scotia?
- Blackbird of the cuckoo family.
- Which is the largest city in Canada?
- Work of genius.
- What is the abbreviation of doctor?
- To perish.
- Which is the most important river in China?
- Borrowed.
- Snake-like fish.
- Thin green vegetable.
- Corded cloth.
- To rent.
- Mythological being.
- The male of the domestic fowl.
- Beer.
- Almost a donkey.
- Punisher used to bleach grain.
- To connect.
- Slender wire nail.
- To strike with the palm.
- Paraphrase in the newspaper.
- Lamentable.
- English money.
- To ventilate.
- Two fives.
- To sink.
- Principal deity of historical Egypt.

Tinies are. Then Clowny jumped up to his feet. "That will be fine," he cried. So, in the wagon Clowny jumped. He was so thrilled, his wee heart thumped. "I'll soon see all the other Tinymites," said he. "Hurray!" The Buddies quickly grabbed a hold, and over the hill the wagon rolled. They laughed and shouted merrily, when they were on their way.

To-morrow's Horoscope

TUESDAY, NOVEMBER 29, 1927

Good fortune should visit the earth to-day, according to astrology, which finds benefic aspects dominating strongly. Keenness of mind and uplift of spirit are believed to result from this

posting of the stars, which makes success easy to all who strive honestly. Optimism is the keynote of this day's activities, if there is anything trustworthy in astrology, and for this reason all one's best energies should be put forth. Buying and selling should be lucky, since both of the barterers are supposed to be pleased while this configuration prevails. There is an especially favorable sign for real estate deals to-day, and many

important transactions may be expected. The trend of all business will continue to be toward the sort of co-operation that is practically amalgamation, the seers prophesy. Farming is to become an organized business controlled by big syndicates that will till the soil scientifically, it is forecast. Serenity of mind and kindness toward the young are supposed to dis-

turb the aged under this direction of the stars. Recognition of what is best in old-fashioned standards of domestic life is likely to mark the new year, when the simple life again receives its meed of praise. Country homes are to multiply and to be occupied in winter as well as summer, astrologers foretell. Poetry is to be one of the popular fads among persons of all classes, if

the stars are rightly read, for there is to be a revival of romanticism. Earthquakes will disturb more than one part of the country in the coming year, astrologers warn persistently. Persons whose birthdate it is have a year in which money and influence will gain place that has been long coveted. Children born on this day probably will be intellectual, well-poised and generally successful. Happy marriage is augured.

IT DOESN'T TAKE A SEAMSTRESS TO DO FANCY WORK ON SKATES.

THE TINYMITES

STORY BY HAL COCHRAN—PICTURES BY KNICK

"So, now you're good," was Clowny said. And then he shook his little head. "I have my doubts, but even so, I hope that you are right. If falling in that little stream's to blame I'm glad. It's like a dream." And then a Buddy answered, "Yes, we're good when we are white. That water washed the black from us and now not one of us will fuss, no matter what may happen. We will all be very gay. That's something we can prove to you. Just tell us what you'd like to do, and we will gladly join you whether it is work or play." This puzzled Clowny for a spell, and then the Buddies heard him yell, "Let's take your wagon from the stream before it breaks in two. 'Twill come in handy, now and then. You all may want to ride again." The Buddies cheered, and said this was the proper thing to do. Down to the stream they gaily went, and 'bout a half an hour was spent

before they got the wagon out, and safely on the shore. They had to work with all their might. Some rocks had held the wheels real tight. Poor Clowny tugged away so hard it made his muscles sore. They all sat down to rest a while. One Buddy then began to smile. "I'll tell you what we'll do," said he. "It's Clowny's turn to ride. We'll pull him in the wagon far, to where the other
